ACKNOWLEDGEMENT

I take the opportunity to express my deep sense of gratitude to Dr. S. N. Banerji, M.Sc., D.Phil., F.N.A.Sc., (formerly Reader in Chemistry, University of Sagar, Sagar) for his esteemed guidance and absorbing interest in the subject throughout the course of these investigations.

The author is also indebted to Professor S.S.Nigam, M.Sc.,Ph.D.(London), D.I.C., F.R.I.C., F.N.A.Sc., Head, Department of Chemistry, for providing the necessary facilities to carry out the work.

Thanks are also due to Dr. M.L.Dhar, Director, Central Drug Research Institute, Lucknow for kindly permitting me to carry out some of the experimental work in the above said institute, and to Dr. C.R.Krishnamurty, Scientist in-charge, Division of Bio-Chemistry, Central Drug Research Institute, Lucknow for providing all necessary laboratory facilities during my stay over there.

Lastly, I express my heartfelt thanks to my friend and senior co-worker, Dr. R.D.Sahu, M.Sc.,Ph.D., for his timely suggestions, affectionate behaviour and encouragement for the present work.

( U. N. SHUKLA )
