I take this opportunity to place on record my deep sense of gratitude to my research guide Dr. Jignesh H. Trivedi, Assistant Professor of Industrial Polymer Chemistry for its able and inspiring guidance. Without his immense help, scholarly guidance and constant encouragement, I could not have completed this work. It is he whose kind attitude, ardent zeal, virtual inspiration and painstaking nature are the cause of my boastfulness in accomplishing the insurmountable task.

I am thankful to Prof. H. C. Trivedi, Ex-Vice Chancellor, Bhavnagar University, Bhavnagar for his generous help and co-operation.

I am indebted to Prof. J. S. Parmar and Prof. H. S. Patel, Ex-Heads, Department of Chemistry, Sardar Patel University, Vallabh Vidyanagar for providing necessary arrangements.

A special word of appreciation is for my worthy friends Dr, Jayesh Jivani, Dr. Amit Dholakia, Dr. Dhiraj Malusare, Dr. Mrs. Kinnari Trivedi and Mr. Arvind Chourasia along with all the departmental staff for their enthusiastic support.

I am grateful to my parents for their ever-growing love and affection and constant support provided to me throughout my student life and especially during the research period. I am also deeply grateful to my all family members including my beloved wife Sejal for their continuous support.

Lastly, the financial assistance from Ministry of Earth Sciences, New Delhi is gratefully acknowledged.
