Publications

✓ “An efficient and Facile synthesis of 1H-pyrazolo[1,2-b]phthalazine-5,10-dione derivatives of biological interest”

Nimesh M. Shah, Manish P. Patel, and Ranjan G. Patel*
Journal of Heterocyclic Chemistry
DOI 10.1002/jhet.918

✓ “Design, synthesis and antimicrobial activity of new biquinoline derivatives”

Nirav K. Shah, Nimesh M. Shah, Manish P. Patel, Ranjan G. Patel*
Journal of Serbian Chemical Society
DOI 10.2298/JSC110630197S

✓ “New N-arylamino biquinoline derivatives: Synthesis, antimicrobial, antituberculosis and antimalarial evaluation”

Nimesh M. Shah, Manish P. Patel, Ranjan G. Patel*
European Journal of Medicinal Chemistry
(Under Communication)

✓ “Design and synthesis of some new 4H-pyrano[3,2-c]pyridine derivatives as potential antimicrobial and antimycobacterial agents”

Nimesh M. Shah, Manish P. Patel, and Ranjan G. Patel*
European Journal of Medicinal Chemistry
(Under Communication)

✓ “New N-arylamino biquinoline derivatives: Microwave-assisted synthesis and their antimicrobial activities”

Nimesh M. Shah, Manish P. Patel, Ranjan G. Patel*
Medicinal Chemistry Research
(Under Communication)

✓ “Synthesis and biological evaluation 4H-benzo[g]chromene derivatives of 2-aryloxyquinolines as potential antimicrobial and antituberculosis agents”

Nimesh M. Shah, Manish P. Patel, Ranjan G. Patel*
Bioorganic & Medicinal Chemistry Letters
(Under Communication)
