ACKNOWLEDGEMENT

It has been the passion of the researcher, as a lecturer in an education college, to explore the possibilities of making the process of teaching and learning more and more effective. The problem of the study corresponds to this passion and shows the way to fulfill such an aspiration. The researcher, therefore, is thankful to Saradar Patel University who provided the platform to accomplish this study.

A sincere vote of thanks is also extended to the supervisor and guide Dr. M. K. Yagnik who pointed proper direction, provided inspiration at every stage and had been the governing force for this work.

It could not have been possible to undertake the experiment without the cooperation of Shree Vividhlakshi Vidyamandir. The principal of The New Progressive College of Teachers’ Education Mehsana and the college management are also thanked for their personal concern and care shown to the researcher.

Warmest thanks to my wife Hina for always being by my side, supporting and encouraging me to be on track. I thank my beloved parents and my family for their blessings, love and support. I would like to thank everyone who contributed directly or indirectly for the successful realization of thesis.

Finally, I thank God almighty for strengthening me throughout my life and especially to do this work.
