ACKNOWLEDGMENT

With the Almighty Lord's grace, mercy and blessings, my dream of pursuing Ph.D. became possible.

Foremost, I would like to express my profoundest gratitude to my supervisor, Prof. C.N. Srivastava for his valuable guidance, untiring efforts, moral support, advice, and consistent encouragement I received throughout my research work and generating the scholarly ideas in the preparation of this thesis. This feat is possible only because of his continuous advice and guidance. I consider my supervisor as a blessing bestowed upon me.

I owe my sincere gratitude to Prof. P.K. Kalra, Director, Prof. V.G. Das, Ex-Director and Prof. L.D. Khemani, Dean, Faculty of Science and Head, Department of Chemistry, Dayalbagh Educational Institute (Deemed University), Dayalbagh, Agra for the academic support and providing necessary facilities to carry out the research work at the Institute.

I am obliged for admirable suggestions and providing needed amenities on requisite by Prof. Sant Prakash, Head, Department of Zoology, Faculty of Science, Dayalbagh Educational Institute, Dayalbagh, Agra.

I convey my thanks to Prof. K.K. Dua, Ex-Head, Department of Zoology, Faculty of Science, Dayalbagh Educational Institute, Dayalbagh, Agra for providing unflinching encouragement. It is my immense pleasure to acknowledge him.

I express my sincere appreciation to Dr. Soam Prakash, Dr. Alka Prakash, Dr. Shabed Prasad and Dr. Dayal Prasad, Dr. Amla Chopra and Dr. Reshma Bhatnagar for their countless helps, invaluable guidance and valuable support during the research period.

I also express my sincere thanks to Dr. V.P. Bhatnagar (Prof. Emeritus), Dr. A.K. Bhatnagar (Prof. Emeritus) and Dr. J.N. Srivastava, Professor, Department of Botany, Dayalbagh Educational Institute, Dayalbagh, Agra.

A very heartfelt special thanks to Dr. Preeti Sharma Rawat, Dr. Lalit Mohan and Dr. Manish Mohan Verma for their encouragements, valuable inputs and moral supports during the research.

I convey my thanks to Dr. Kiran Sabangi, Ex-Technician and Mrs. Manju Srivastava, Technician for the supply of chemicals and glasswares without them it would be very difficult to complete the timely recording of the experimental parameters.
I also express my sincere gratitude to Dr. S.P. Singh (Scientist), National Institute of Malaria Research, New Delhi for his valuable support in my research work.

I am also thankful to my co-researchers of my lab Ms. Shrankhla, Mr. Vijay Kishore for their helping and friendly behavior.

I am appreciative of the cooperation of my co-researchers Mrs. Shweta, Ms. Utpala, Ms. Anjali, Ms. Mugdha, Ms. Richa, Ms. Neh, Ms. Garima, Ms. Sneha, Ms. Shivani, Ms. Himani and Ms. Mahima for their support and making friendly research atmosphere.

I am also thankful to Mr. Vinay and Mr. Bhagat Ram, lab assistant of the zoology department.

I am indebted to UGC for the award of Rajiv Gandhi National Fellowship to carry out this research work.

It is a great pleasure to thanks MTCC, Chandigarh for providing fungal strains to me.

Today my thesis is fruitful because of the blessings of my late Grandparents, Mr. and Mrs. Sumer Singh which strengthen me to undertake this research task and enabling me to its completion.

I extremely obliged to my revered parents, Mr. and Mrs. Chandra Bhan for continuous encouragement and their blessings. Who helped me at every stage of my personal and academic life, and wanted to see this achievement come true.

I have no words for my brothers Mr. Prashant Singh, Mr. Rohit Bhan, Mr. Vivek Singh, Mr. Shobhit Bhan for their unequivocal support throughout, as always, for which my mere expression of thanks likewise does not suffice.

Last but not the least, I am thankful to all my relatives who have supported me wherever I need them in this academic mission.

For any error or inadequacies that may remain in my acknowledgment, I apology if any.

(Sweta Bhan)
