CHAPTER FOUR .................................................................................... 45
LITERATURE REVIEW ........................................................................... 45
  4.1 Influence Of Children In Family Decision Making ...................... 45
    4.1.1 Factors affecting children’s influence in decision making .... 46
    4.1.2 Children’s Role in Various Decision Stages and Areas .......... 59
  4.2 Child Request Strategies and Parents’ Responses ......................... 60
  4.3 Child Socialization ......................................................................... 64
    4.3.1 Family .................................................................................. 66
    4.3.2 Peers .................................................................................... 72
    4.3.3 Mass Media .......................................................................... 75
    4.3.4 Television ............................................................................ 78
    4.3.5 Schools ................................................................................ 95
SUMMARY ............................................................................................ 97
REFERENCES ..................................................................................... 98

CHAPTER FIVE ..................................................................................... 105
CONCEPTUAL DEVELOPMENT ............................................................. 105
  5.1 Problem Identification .................................................................... 105
  5.2 Development of the Model ................................................................ 105
  5.3 Constructs ...................................................................................... 107
    5.3.1 Demographic variables .......................................................... 107
    5.3.2 Socio-Psychographic Variables .............................................. 108
    5.3.3 Child’s Influence Strategy ...................................................... 108
    5.3.4 Parents’ Response Strategy .................................................... 109
    5.3.5 Child’s Influence in Purchase Decisions ................................. 109
    5.3.6 Pester Power ......................................................................... 110
  5.4 Research Questions ......................................................................... 111
  5.5 Rationale of the Study ..................................................................... 111
  5.6 Significance of the Study .................................................................. 112
SUMMARY ............................................................................................ 113
REFERENCES ..................................................................................... 114
7.5.7 Sources of Gifts for the child .................................................................................................................. 160
7.5.8 Overall Influence on the child .............................................................................................................. 162
7.5.9 Preference for Sharing feelings .............................................................................................................. 164
7.6 Time spent by the parents with their child ............................................................................................... 165
7.7 Parents’ approach towards giving Pocket Money Allowance ................................................................. 167
7.7.1 Satisfaction level with the pocket money .............................................................................................. 168
7.7.2 Children’s Satisfaction level based on gender ....................................................................................... 169
7.8 Spending habits of the child ..................................................................................................................... 170
7.9 Impact of Festivals/Occasions on the child’s demands ........................................................................... 171
7.10 Influence Of The Advertising Media On Children .................................................................................. 173
7.11 Parents Perceptions Of Child’s Influence On Purchase Decision Areas ................................................. 175
7.12 Location of Requests made by the Child ................................................................................................. 176

PART B : INFERENTIAL STATISTICS ............................................................................................................. 178
7.13 Frequency Of Outings ............................................................................................................................... 178
7.14 Time spent by the parents (mother and father individually) with their child ........................................... 181
7.14.1 Time spent by parents (based on the gender of the child) ................................................................... 183
7.15 Satisfaction with the pocket money ......................................................................................................... 184
7.16 Key Decision Areas .................................................................................................................................... 186
7.17 Importance of Child’s Influence in Decision making for Purchase of Selected Products .......................................................... 188
7.17.1 Differences in perceptions of children and parents with respect to the purchase influence of children ........................................................................................................... 189
7.17.2 Parents’ perception of the Importance of the child’s influence on purchase decision with respect to the gender of the child ............................................................................. 193
7.17.3 Parents’ perception of the Importance of the child’s influence on purchase decision with respect to the age group of the child ...................................................................................... 196
7.18 Influence Strategies Used By The Child As Per Parent’s And Children’s Perceptions .......................................................... 202
7.18.1 Paired Differences in the frequency of the Influence Strategies as per the parents’ and children’s responses ............................................................................................................................................... 203
7.18.2 Parents’ Responses on the use of influence strategy by the child based on the gender of the child ............................................................................................................................... 207
7.18.3 Parents’ responses on the use of influence strategy by the child based on the age group of the child ........................................................................................................................................... 210
7.19 Parents’ Response Strategies To Children’s Requests .............................................................................. 216
7.19.1 Parents’ Response Strategies To Children’s Requests Based On The Gender Of The Child ................. 218
7.19.2 Parents’ Response Strategies To Children’s Requests Based On The Age Group Of The Child ........... 222
7.20 Pester power of the child ............................................................................................................................ 231
7.20.1 Pester Power of child based on Gender ................................................................................................. 231
7.20.2 Pester Power Based On Age Group Of The Child ................................................................................ 232
7.20.3 Pester power based on Number of Children in the family ..................................................................... 235
7.20.4 Pester Power based on Medium of Instruction at school ........................................ 236
7.20.5 Pester Power of the Child based on Family Type .............................................. 238
7.20.6 Pester Power of the Child based on Family Income .......................................... 239
7.20.7 Pester Power based on Working Status of Parents ............................................ 241
7.21 Behavioural And Attitudinal Measures ................................................................. 244
  7.21.1 Behavioural and Attitudinal Scale difference based on Gender ..................... 245
  7.21.2 Factor Analysis for Behavioural and Attitudinal Scales ................................ 252
SUMMARY .................................................................................................................... 257
REFERENCES .............................................................................................................. 258

CHAPTER EIGHT ........................................................................................................... 259
FINDINGS AND DISCUSSION ....................................................................................... 259
  8.1 Overview of the Sample Profile............................................................................... 259
  8.2 Child’s Frequency Of Going Out .......................................................................... 259
  8.3 Children’s Perception about the Preference for various Parties in various
      Behavioural Patterns ............................................................................................... 260
  8.4 Time spent by parents with their child................................................................. 262
      8.4.1 Time spent by parents : Based on gender of the child .................................. 262
  8.5 Satisfaction of the child with the Pocket Money allowance .................................. 262
      8.5.1 Gender based differences for satisfaction level with pocket money
         allowance .............................................................................................................. 263
  8.6 Spending Habits of the child................................................................................ 263
  8.7 Children’s influence on various key decision areas ............................................. 263
  8.8 Importance of child’s influence in decision making for purchase of selected
      products .................................................................................................................. 264
      8.8.1 Parents’ and Children’s perceptual differences with respect to child’s
         influence in product purchase decisions ........................................................... 264
      8.8.2 Gender based differences in child’s influence in decision related to product
         purchases .............................................................................................................. 264
      8.8.3 Age based differences in child’s influence in decision related to product
         purchases .............................................................................................................. 265
  8.9 Influence strategies used by the child................................................................. 266
      8.9.1 Gender based differences with the use of influence strategies by the child .... 266
      8.9.2 Age based differences with the use of influence strategies by the child ....... 267
  8.10 Parents’ response strategies to children’s requests ............................................. 267
      8.10.1 Parents’ response strategies : Based on gender of the child ....................... 268
      8.10.2 Parents’ response strategies : Based on age of the child ............................ 268
  8.11 Influence on Pester Power ................................................................................ 269
      8.11.1 Pester Power based On Gender Of The Child ............................................ 269
      8.11.2 Pester Power based on the Age Group of the child ................................. 269
      8.11.3 Pester Power based on Number of Children in the Family ...................... 270
      8.11.4 Pester power based on Medium of Instruction at school ........................ 270

[XII]
8.11.5 Pester Power based on Family Type .......................................................... 270
8.11.6 Pester power based on Family Income ..................................................... 270
8.11.7 Pester Power based on Number of Working Parents ............................... 271
8.12 Location of Requests made by the child ....................................................... 271
8.13 Influence Of Advertising Media On Children ............................................. 272
8.14 Impact of Festivals / Occasions on Child’s Pestinging ................................. 273
8.15 Behaviour and Attitudinal Scales ................................................................. 274
8.15.1 Findings from the Factor Analysis .............................................................. 275
CONCLUSIONS ........................................................................................................... 275
REFERENCES .............................................................................................................. 278

CHAPTER NINE ........................................................................................................... 279
SUGGESTIONS, LIMITATIONS AND SCOPE FOR Future Research ............... 279
9.1 Introduction .......................................................................................................... 279
9.2 SUGGESTIONS AND IMPLICATIONS OF THE STUDY ............................. 279
  9.2.1 Implications Of The Study For Parents ....................................................... 279
  9.2.2 Implications Of The Study For School Authorities ................................. 282
  9.2.3 Implications Of The Study For Advertisers And Marketers .................... 282
  9.2.4 Implications Of The Study For Academicians And Researchers ............ 283
9.3 LIMITATIONS OF THE STUDY .................................................................... 284
9.4 DIRECTION FOR FUTURE RESEARCH ...................................................... 285
