Primary Form of Sensitivity Measurement Situational Test

Guide: Dr. Rasidaben M. Diwan
Chirag Darji
Assost. Prof. M. B. Patel College of Education
Lecturer
Waymade College of Education
Vallabh Vidyanagar

Researcher: Mr. Prof.

Respected,

Here, some situations are given. You are requested to help a person to take proper decision. Each situation carries four options. You can tick mark on any one of the options which you feel appropriate. This test will be used for research purpose only. Result of the test will be kept secret.

Name:

College’s Name:

Address of the College:

Example:

While teaching in the class Naginbhai observes that the back benchers are passing comments to one another. What should Naginbhai do with the students in this situation?

(A) Students should be sent out side
(B) Students should be asked to keep standing in the class
(C) Students should be scolded in front of all the students
(D) First, the teacher should understand their problem and then he should take further punitive action

In above options, D) is suitable option so I have put a tick mark against it. Fill the test in similar way.

Que.1 Maheshbhai works as a teacher in a private school. He gets an interview letter for the post of Police Sub Inspector. He has to pay Rs500000/- as bribe. What should Maheshbhai do in this situation?

(A) He should discus with his family members to take proper decision
(B) He should continue working as a teacher
(C) He should take decision after talking to the other teachers, friends and colleagues

(D) He should get the job by giving money

Que. 2 Nitinbhai is appointed as the principal in a school. He takes an oath for further development of the school but he needs Rs100 per month for the academic development of the school. What should he do?

(A) He should collect money from the parents and village people

(B) He should try to get grant from the DIET

(C) He should collect money from the staff members

(D) He should spend from his pocket

Que. 3 Rikenbhai teaches Maths subject and many students do not follow what he teaches. One of the mischievous students speaks that he does not understand anything. What should Rikenbhai do in this situation?

(A) He should send that student outside the class

(B) He should teach that student separately by calling him in the staffroom.

(C) He should teach to the entire class by using new methods, techniques and teaching aids.

(D) He should seek help of other teachers in analyzing his teaching skills.

Que. 4 Pareshbhai works as a teacher in a school. There is a rehabilitation programme in the village. Pareshbhai is having the habit of chewing tobacco. What would be his role in this programme?

(A) He should inform people about the diseases taken place due to taking tobacco

(B) First he should leave this habit and then he should make people aware

(C) He should take a cumulative leave on this day

(D) This comes under his duty so he has to participate

Que. 5 Hiteshbhai teaches in 9th std. He makes maximum use of new words to show his expertise in the spoken language. Students do not follow his language/teaching. What should Hiteshbhai do in this situation?

(A) He should keep teaching with new words to the students.

(B) He should teach the new words with different techniques.

(C) He should ask students to write 15 new words everyday.

(D) He should use the words keeping in mind the level of the students.
**Que.6** Jayeshbhai scolds one student who always comes late to the school. Whenever the teacher asks him the reason he starts giving feeble excuses. What should Jayeshbhai do in this situation?

(A) He should understand student’s problem and then he should take proper decision
(B) He should not allow the student to attend the class
(C) Teacher should complain to his parents
(D) Let that student do whatever he wants to do

**Que.7** Janakbhai is teaching Maths subject in a school and this time result of 10th standard students in Maths subject 0% percentage. What should Janakbhai do to improve the school result?

(A) He should do action research and find out the reasons
(B) He should not be anxious with a view that students are not clever, i am not responsible
(C) He should use apply innovative methods to teach the Maths subject
(D) He should quit the job.

**Que.8** The Principal has administrative work in the month of March so he completes 3 chapters of Maths subject in 2 sessions. The students have not understood the topics. As a result of this the parents are dissatisfied with the haste of teaching. What should principal do in this situation?

(A) He should teach the 3 topics again
(B) He should ask another teacher to repeat the topics
(C) He should ask students to do self study and then take one session for discussion
(D) He should not repeat the chapters with a view that they could have asked during the class

**Que.9.** School is asked to conduct a rally against terrorism by the Government. Some parents do not allow their children to join the rally. Even students are also not interested in this type of programme. What should you do as a teacher?

(A) I will explain to the parents that they will be taken to there without any charge.
(B) I will have to attend the programme otherwise I will be punished from the school
(C) I will make the programme cancel
(D) I’ll inspire parents and students towards spirit of nationalism and ideal citizen
Que. 10 The preparation of ‘Girls Literacy Programme is going on in Punamben’s school and on the other hand there is a Baby shower function of Punamben’s daughter at her house. What should Punamben do in this situation?

(A) Date of the Girls Literacy program should be changed  
(B) Responsibility of Girls Literacy program should be given to another teacher  
(C) Preference to attend the Girls Literacy Programme should be given  
(D) Propose to the principal for a leave to attend the Baby Shower Function at home

Que. 11 There are some students who come from far off place. They have not yet reached back home. There is a heavy rain due to monsoon season at all over the place. Mr. Harihar is the teacher who is worried about the students. What should he do in this situation?

(A) He should send some students to look for the students who have not reached at home.  
(B) He should keep sitting by saying ‘Whatever god does that’s true’  
(C) He should not go because he gets sick whenever he gets drench in rain.  
(D) He should go with the students to look for the students who have not reached at home.

Que. 12 Arjunbhai is a senior teacher in a school who observes a boy and a girl are in love affair. Sometimes because of this relation they do not pay attention to their study. What should Arjunbhai do in this situation?

(A) He should ask them to stop this nuisance  
(B) He should leave them alone. Let them do whatever they want to do  
(C) He should report this to their parents  
(D) He should counsel them and help them to take proper decision

Que. 13 Some of the students in Bharatbhai’s school say that Bharatbhai is partial to some students in giving marks and classroom teaching though he is not. What should he explain among the students in this situation?

(A) He should explain about his works in the classroom  
(B) He should not speak much with a view that God is everywhere and he watches all the things  
(C) He should scold the students
(D) He should leave the job before he loses the trust of others at school.

Que. 14 Rohitbhai is teaching the topic ‘Population’ in a social science class. He is having the data of the year 2005 but he does not have the new data presented in the year 2010. What should he do to solve this problem?

(A) Use the data of 2005 and teach
(B) Keep teaching using the old data with a belief that students will not come to know about this
(C) He should look for the new data
(D) He should present imaginative data and should go ahead

Que. 15 Vinodhbhai is on a tour with all the students and suddenly his right feet gets fractured. Now what should Vinodhbhai do in this situation?

(A) He should take back the tour
(B) He should send students to go to tour alone
(C) He should decide to never arrange a tour
(D) He should complete the tour with full enthusiasm

Que. 16 The people nearby the school used to trespass the school premises. Whenever teachers ask them not to do so they offer money to the teachers and instruct teachers to leave that place otherwise they will be beaten. What should teacher do in this situation?

(A) He should convince the people that you spoil the school premises
(B) He should take receive the offer made by the people
(C) He should offer some amount to the DEO to make this matter secret.
(D) He should inform the police to avoid this nuisances at the premises

Que. 17 Jiyanben has already planned a one day tour in advance and suddenly on the same day she has to go to her daughter’s house to attend her relative’s wedding ceremony. What should she do?

(A) She should change the date of tour
(B) She should send another teacher in tour
(C) She should cancel, the tour and go to the wedding
(D) She should go on tour instead of attending the wedding
**Que. 18** Gopalbhai is an expert of Math subject. He has to go to pick up his Son-in-law from Mumbai Airport. During this time he has to work as a resource person in one training programme at the school. What should he do?

(A) He should send his colleague as an expert in the training program
(B) He should make request to change the date of training program
(C) He should send his relatives to receive his son in law
(D) He should go to pick him up after completing his duty as a resource person.

**Que. 19** Three subject teachers are needed in the school and Sanjaybhai is the only one who teaches all the three subjects. During this time Inspection committee comes to visit the school. What should Sanjaybhai speak in front of them?

(A) He should present his view to change his job place
(B) He should request them to appoint new teachers
(C) He should continue using his own skills and expertise
(D) He should propose a raise in his salary

**Que. 20** Archnanaben teaches Sanskrit subject. She is asked to teach Environment Education and Hindi by the principal because it is difficult to get teachers. Archnanaben is not much comfortable in teaching these subjects but she posses the knowledge of these subjects. What should she do in this situation?

(A) She should say that she will not teach the subject only a specialize teacher can put more inputs
(B) She should keep teaching with a view that nobody is born with skills, everybody learns by doing so she will also learn
(C) She should teach whatever she knows
(D) She should give more topics in the home work as the subject is easy

**Que. 21** Suddenly a teacher of Sanskrit subject resigns the job from the school and a teacher of English subject is asked to teach Sanskrit. He is not able to complete the syllabus in time. As a student what will you do?

(A) I will change the school
(B) I will complain to the principal about the incompletion of the syllabus
(C) I will understand the difficulty of the teacher
(D) I will join tuition classes to study this subject
Que. 22 There are fifteen students belonging to OBC category in the school. They are getting scholarship from the central Government but this time the principal has forgotten to send their forms before the due date. Now there is no possibility to send the form and get scholarship for them. What should principal do in this situation?

(A) He should convince their parents by saying next time they will get more scholarship
(B) He should give money from his own salary
(C) He should accept his mistake and make a request to the authority for scholarship
(D) He should take influence from people of outside

Que. 23 Mukeshbhai is a newly appointed teacher in school and he comes to know that students are weak in co-curricular activities. What should he do in this situation?

(A) He should believe that as soon as they start studying with them they will learn themselves
(B) He should not make attempts with a view that ‘more attempts are useless’
(C) He should organize such activities that motivate students
(D) First he should explain the importance of co-curricular activities to the students

Que. 24 Jamnaben took the students for the educational tour. Chaganbhai was one of the parents who distributed sweets to all the students before they went for tour. Jamnaben gets a call after an hour that Chaganbhai got an accident and he died. What should Jamnaben do in this situation?

(A) She should take back the tour
(B) She should follow the principal’s opinion
(C) She should continue the visit for the sake of other students
(D) She should send back his daughter only

Que. 43 Jatinbhai is working as a teacher in the school. One handicapped student always comes late at the school. Students are saying, rules should be common for all. What should Jatinbhai do in this situation?

(A) He should report to the principal and follow what he says

(B) He should not allow that handicap student to attend the class

(C) He should talk to his parents

(D) He should make the students compassionate by talking about values

Que. 44 Mitulbhai is a newly recruited teacher in the school. He has got the colleagues whose teaching in the class is full of errors. What should he do in this situation?

(A) He should talk to the principal

(B) He should start conducting Faculty Development Programme to develop teachers’ expertise

(C) He should leave the school

(D) He should talk about the new methods and techniques to the teachers

Que. 45 Nihar has been observing the students who feel anxious to study in the school campus because of the strict rules and regulations of the school such as do not come out from the classes, always greet the teachers, polish shoes, wear tie and not to talk to the teachers in the school. What step should Nihar take in this situation?

(A) He should motivate the students to break the rules

(B) He should change the rule

(C) He should not think of all these topic
(D) He should talk to the principal and take a proper decision

**Que.46** There is one girl who is having stone problem. She wants to go to the home as she cannot endure pain. But Ramanbhai, the class teacher cannot allow her to go to home. The principal is saying we have some medicine in the first aid box, ask her to use that. What step should Ramanbhai take in this situation?

(A) He should convince the principal to grant her leave
(B) He should allow her to go to home immediately
(C) He should ask her to write a leave note and then allow her to go
(D) He should immediately call the doctor in the school

**Que.47** Mitul is working as a teacher. He found principal always punishes some students because they don’t get time to greet teachers and principal whenever they meet on the way of school campus. What step should Mitulbhai take in this situation?

(A) He should teach them the importance of greetings
(B) He should not punish for the small matter
(C) He should check their daily schedule and then he should take proper decision
(D) He should complaint to their parents

**Que.48** Rameshbhai has given a project assignment to the students. It requires spending some money to prepare it. This is not affordable to some students because their economic condition is not well. What should Rameshbhai do in this situation?

(A) He should not give this kind of assignment
(B) He should talk to the parents about the importance of education
(C) He should help these students economically
(D) He should request principal to skip assignment

**Que.49** Nirav meets his former teacher of primary school on the way of his village. Nirav is going to appear in the external exam. He is running very short of time. What should Nirav do in this situation?

(A) He should leave the place by saying 'hello sir’
(B) He should behave as if he has not seen him
(C) He should greet him politely and have a brief interaction
(D) He should say to sir I am getting late ‘see you later’
**Que.50** Prakash gets the first position in Standard 9th in the school. Some of his classmates quarreled with him. In this quarrel one student gets severe injury. What should teacher do in this situation?

(A) He should punish all those who have fought with Prakash
(B) He should call their parents and detain them
(C) He should facilitate them to imbibe moral, social and cultural values
(D) He should not give numbers in the class, He should follow grading system

**Que.51** Pareshbhai is a newly appointed teacher in the primary school. He finds all the teachers teaching without using any teaching aid. He finds the necessity of teaching aids while teaching and talking the students. What should Pareshbhai do in this situation?

(A) He should motivate teachers to use the teaching aids
(B) He should not take any step with a view that ‘Let people do whatever they want to do’
(C) He should bring this into the notice to the BRC and CRC officer
(D) He should not speak much because school does not have teaching aids and require facility

**Que.52** In the school garden, the trees and some plants are broken by the students while playing on the playground. What should Principal do in this situation?

(A) Principal should ask teacher of Environment education subject to make students aware about the importance of preservation of Environment
(B) Principal should not do anything with a view that they are small children
(C) Principal should ask the students to replant the things
(D) Principal should call their parents to discuss

**Que.53** A community nearby the school always pollutes the environment by throwing garbage, pouring water on the way to school and quarrel with each other every day. What step should a teacher take to have a sound society?

(A) He should report to the police station
(B) He should go to the community and will warn them not to do this
(C) He should bring this to the Principal’s mind to take action
(D) He should conduct community outreach programme to make them aware about environment
Que.54 Maheshbhai observes that the students use local/abusive language in the class while answering the question. What should Maheshbhai do to improve the language of the students?

(A) He should give home work based on speaking and listening skills
(B) He should take Zero period to improve their language
(C) He should inform to the principal to take an appropriate decision
(D) He should take some sessions for the village people to improve their language

Que.55 Nayanbhai is the teacher of Social science subject. Students always pass comment in his class. They don’t like to study this subject. What should Nayanbhai do in this situation?

(A) Nayanbhai should not bother about them
(B) Nayanbhai should teach them by using new techniques so that they love this subject
(C) Nayanbhai should give important questions rather than teaching entire textbook
(D) Nayanbhai should punish the students by giving the whole topic in homework

Que.56 Nitinbhai is a teacher of Physical education. He is a strict teacher by nature. In the PE class he is playing cricket with the students suddenly he gets severe injury. He is not able to walk. What should a student do in this situation?

(A) Student should call doctor or should use first aid kit
(B) Student should not help because he is strict teacher let him suffer
(C) Student should not help with a view that the injury is not severe he can go alone to the hospital
(D) Student should run away from the place

Que.57 Sirajbhai is a teacher who observes that the economic condition of the parents is not well and that’s why they don’t purchase uniform and stationery for their children. What should Sirajbhai do in this situation?

(A) He should talk to the NGO and give them vocational training to upgrade their economy
(B) He should propose GOVT to give good scholarship to the students’
(C) Sirajbhai should tell them the importance of education and ask them to facilitate their children by hook or by crook.

(D) He should talk to the principal or trust to give economical help to the needy students

Que.58 Anilbhai is the principal in the school. There is a ‘Grampanchayat’ Election in the next month and the state of mind of the people is not static. There may be a quarrel at any time. Some people came with a request to address village people by a lecture so that there will have a unity among people. What should the principal do in this situation?

(A) He should go to deliver a speech to have unity among the people

(B) He should not indulge in this type of work

(C) He should talk to the DEO and follow his decision

(D) He should send one teacher to deliver a speech

Que.59 Anujbhai is the principal of the school. He gets a phone call from one of the villagers late at night that one of the members of the trust has passed away. What should principal do in this type of situation?

(A) He should not go it is winter season

(B) He should send one faculty member to express condolence

(C) He should go because that person has helped in the development of the school

(D) Principal should behave on the phone as if there is network problem, the news is not audible

Que.60 Sureshbhai is a new teacher appointed in the school. He makes mistakes while giving post prayer talk during assembly time and all the teachers and principal are displeased at him. What should Principal do in this situation?

(A) He is a new teacher so error should be tolerated

(B) He is a teacher so he should not make mistake, a notice in the form of memo should be given to him

(C) The principal should not insult the teacher in front of the students, call him in the office and talk to him politely

(D) Principal should detain this type of teacher

Respected,

Here, some situations are given. You are requested to help a person to take proper
decision. Each situation carries four options. You can tick mark on any one of the options
which you feel appropriate. This test will be used for research purpose only. Result of the
test will be kept secret.

Name of the Student-teacher:.................................................................
Name of the College:...................................................................................
Address of the College:...............................................................................
Example:

Que.1 While teaching in the class, Naginbhai observes the back benchers are continuously talking with one another.

What should Naginbhai do with the students in this situation?

(A) Students should be sent out of the classroom.
(B) Students should be asked to keep standing in the class.
(C) Students should be scolded in front of all the students.
(D) First, the teacher should understand their problem and then he should take further disciplinary action.

In above options, D) is suitable option so I have put a tick mark against it. Fill the test in similar way.

1. Sureshbhai is a new teacher appointed in the school. He makes mistakes while giving post prayer talk during assembly time and all the teachers and Principal are displeased with him. What should the Principal do in this situation?

(A) The Principal should tolerate his errors because he is a new teacher.
(B) The Principal should give him notice in the form of memo because a teacher should not make this type of mistakes.
(C) The Principal should call him to his office and talk to him politely about the changes needed.
(D) The Principal should terminate Sureshbhai from the service.

2. There are fifteen students belonging to OBC category in the school. They get scholarship from the central Government but this time the Principal has forgotten to send their forms before the due date. Now there is no possibility to send the form and get scholarship for them. What should the Principal do in this situation?

(A) The Principal should convince their parents by saying that next time they will get more scholarship.
(B) The Principal should give money from his own salary.
(C) The Principal should apologize for his mistake and make a request to the authority for scholarship.
(D) The Principal should take influence of the people from outside.
3. Teachers of Physical Education and Gujarati subjects are needed in the school and Sanjaybhai is the only one who teaches both these subjects and an additional subject. During this time the Inspection committee comes to visit the school. What should Sanjaybhai report to the committee?
   (A) Sanjaybhai should request for transfer of job.
   (B) Sanjaybhai should request them to appoint new teachers.
   (C) Sanjaybhai should continue the job with a view that these are easy subjects and he will get additional knowledge.
   (D) Sanjaybhai should propose a raise in his salary.

4. Pareshbhai works as a teacher in a school. There is a rehabilitation programme in the village. Pareshbhai has the habit of chewing tobacco. What should be his role in this programme?
   (A) He should inform people about the diseases occurring due to chewing tobacco.
   (B) He should leave this habit and then he should make people aware.
   (C) He should take a cumulative leave on this day.
   (D) He should participate in the programme as it is his duty, although he can avoid active participation in this programme.

5. There is a Flag Hoisting Programme on 15th August at the school. But the stage of the school is drenched due to heavy rain. The two peons are sick so they are on leave. The school cannot hire anybody else for the work. What should Maheshbhai do in this situation as a teacher of Physical Education?
   (A) Maheshbhai should cancel the celebration of Flag Hoisting Programme.
   (B) Maheshbhai should clean the stage with the help of some students.
   (C) Maheshbhai should take all the students to the school situated near the village.
   (D) Maheshbhai should call both the peons and request them to clean the stage.

6. Mayurbhai works as a teacher in a private school. He gets an interview letter for the post of Police Sub Inspector. He is asked to pay Rs500000/- as bribe to get the job. What should Mayurbhai do in this situation?
   (A) Mayurbhai should discuss with his family members to take proper decision.
   (B) Mayurbhai should continue working as a teacher.
(C) Mayurbhai should take decision after discussing to other teachers, friends and colleagues.
(D) Mayurbhai should get the job by giving money.

7. Suddenly a teacher of Sanskrit subject resigns the job from the school and a teacher of English subject is asked to teach Sanskrit. He is not able to complete the syllabus in time. What should you do as a student?
(A) I should change the school.
(B) I should complain to the Principal about the incomplete portion of the syllabus.
(C) I should study the incomplete portion by my own and if I have any query then I should talk to the teacher.
(D) I should join tuition classes to study the incomplete portion of the subject.

8. Hemantbhai is planning to organize a tour but the weather forecast shows that heavy rain will fall. He has already paid deposit to the travel agent and it is non-refundable. All the students are interested in going. What should Hemantbhai do in this situation?
(A) Hemantbhai should cancel the tour and let deposit go.
(B) Hemantbhai should take students to the places nearby the school.
(C) Hemantbhai should postpone the tour until the weather changes.
(D) Hemantbhai should follow the decision of parents and guardian of students.

9. A large number of people in Rasikbhai’s village ignore studies only because all of them aspire to travel abroad and earn money. Their negligence towards studies worries Rasikbhai. What should Rasikbhai do in this situation?
(A) He should write letter to the DEO to stop people’s migration to foreign countries.
(B) He should inform to the police station to stop them to migrate from the country.
(C) He should talk to the people individually and motivate to stop migrating to foreign countries.
(D) He should not interferewith people’s decision.

10. There are some students who eat tobacco and spit in the corner of the school. The corner stinks the whole day. Maheshbhai, a teacher of Science subject, beats to a
student for spitting tobacco in school campus. What should the school Principal do in this situation?

(C) He should look for the new data.
(D) He should not talk about the data while teaching the chapter.

33. Anilbhai is the Principal in a school. ‘Grampanchayat’ Elections are to be held in the next month and all people are engrossed for this. It seems that there may be a quarrel at any time. Some people come with a request to the principal to address village people with a speech so that there will have a peace and unity among the people. What should the Principal do in this situation?
(A) The Principal should deliver a speech.
(B) The Principal should not indulge in this type of work.
(C) The Principal should propose to the DEO and follow their decision.
(D) The Principal should send one teacher to deliver a speech.

34. Mineshbhai is a teacher of Maths subject. He teaches with the loud voice because students do not pay attention in his class due to this all the other classes’ get disturbed. What should Mineshbhai do in this situation?
(A) He should not speak loudly.
(B) He should not bother about other classes.
(C) He should close the door while teaching.
(D) He should go close to the students while classroom teaching.
35. Nilkanthbhai is not able to teach properly in the class because he is disturbed by the quarrels going on at his house. What should he do in this situation?
(A) He should pay attention to teaching. Personal matter should not affect his teaching profession.
(B) He should take leave of some days and solve the problem.
(C) He should ask students to do self study.
(D) He should give important questions to the students which are likely to be asked in the examination.

36. A student wants to go home as she cannot endure stomach pain. But Ramanbhai, the class teacher, cannot allow her to go to home. The Principal suggests giving some medicine. What should Ramanbhai do in this situation?
(A) Ramanbhai should convince the Principal to grant a leave.
(B) Ramanbhai should allow her to go to home immediately.
(C) Ramanbhai should ask her to write a leave note and then allow her to go.
(D) Ramanbhai should immediately call a doctor to the school.

37. Hitendrabhai works as a senior teacher in a school. The school is organizing a ‘Training Programme for the Primary Teachers’ and in the same month Hitendrabhai has planned a trip to his native place with his family. What should Hitendrabhai do in this situation?
(A) He should perform all the duties assigned to him for the Training Programme.
(B) He should not accept any responsibility.
(C) He should explain and assign his duty to another teacher.
(D) He should request teachers to postpone the Training Programme.

38. Anujbhai is the Principal of a school. He gets a phone call from one of the villagers late at night that one of the members of the trust has passed away. What should the Principal do in this situation?
(A) The Principal should not go because it is severe winter season.
(B) The Principal should send a faculty member to express condolence.
(C) The Principal should go to the place because that person has helped a lot for the development of school.
39. Some students wasted chart paper during the slogan writing competition. What should Nitinbhai, as a teacher, do in this situation?
(A) He should not organize such competitions.
(B) He should scold the students for the waste of paper.
(C) He should organize another competition in which the wasted chart paper gets reused.
(D) He should not be bothered about such trifling matters.

40. Naynaben is a teacher. Her household work keeps her busy due to which she is unable to reach school on time. The Principal observes that it may affect students’ regularity. What should Naynaben do in this situation?
(A) She should come late with a view that everybody knows her problems.
(B) She should take help of some students in her household work and reach school on time.
(C) She should come to the school on time because a teacher is a model for students to follow.
(D) She should get the permission from the school for everyday late arrival.

41. Rameshbhai has given a project to the students. It requires spending some money to prepare it. Students may not be able to spend money, as their financial condition is low. What should Rameshbhai do in this situation?
(A) He should modify the assignments.
(B) He should convince the parents about the significance of such projects.
(C) He should help students in completing the assignment by spending money from his pocket.
(D) He should ask the students to make modifications in the assignments submitted during the previous years.

42. Nishantbhai is going to school with the students. On the way he finds a person who met with an accident and he is bleeding profusely. What should Nishantbhai do in this situation?
(A) Nishantbhai should not help with a view that it is his mistake and let him suffer.
(B) Nishantbhai should wait and decide if he requires help then he should help.
(C) Nishantbhai should make request to other people to help him.
(D) Nishantbhai should go to school otherwise he will be late at school.

43. There are frequent complaints from the students that the boys’ toilet near the classroom stinks. What should Principal do in this situation?
(A) The Principal should go and check the washroom and respond to the students and peons.
(B) The Principal should order the peon to clean the toilet twice a day.
(C) The Principal should not take any action because the teaching and non teaching staff has not complained.
(D) The Principal should tell students to pour water after the use.

44. Nirav meets his former teacher of primary school on the way to his village. Nirav is going to take an external examination. He is running short of time. What should Nirav do in this situation?
(A) Nirav should leave the place by saying ’hello sir’.
(B) Nirav should behave as if he has not seen the teacher.
(C) Nirav should greet him politely and have a brief interaction.
(D) Nirav should say directly to the teacher that I am getting late.

45. Hiren is a student in school. He is not able to pay the school fees. The principal is away so the in charge principal detains him from the school. What should the Principal do in this situation?
(A) The Principal should readmit Hiren and allow the student to pay the fees in small installments.
(B) The Principal should agree to the decision taken by the in charge principal.
(C) The Principal and the in charge teacher should pay the fees.
(D) The Principal should call the student’s parents and explain the significance of education.

46. Himanshubhai works as a teacher who always leaves the class 5 minutes late after the bell rings. Due to this all the sessions even the entire time table gets disturbed. What should the Principal do in this situation?
(A) The Principal should give memo to the teacher.
(B) The Principal should talk to him politely about the problems.
(C) The Principal should not speak anything; Let the teacher to do whatever he wants to do.
(D) The Principal should ask the teacher to take the zero periods.

47. The community nearby the school always pollutes the environment by throwing garbage on the way to school. What step should a teacher take to have a sound society?
(A) He should report the menace to the police.
(B) He should go to the community and warn them not to do such things.
(C) He should request to the Principal to take action.
(D) He should conduct community outreach programme to make them aware about the need of a healthy environment.

48. There are some students in the class who do not follow teacher’s teaching and because of this. The teacher has to teach the same topic twice or thrice. Therefore, the teacher is not able to complete the syllabus. What steps should the students take in this situation?
(A) Students should ask teacher to keep teaching unless students understood.
(B) Teacher should be punished by the school.
(C) Students should ask the Principal to observe his teaching.
(D) Students should not ask him to repeat the chapters. Let students practice at home.

49. Jiteshbabhai frequently suffers from headache and everyday he takes leave in the afternoon. Parents complain that the Maths teacher Jiteshbhai is unable to check and give feedback of students’ notebooks and workbooks. What should Jiteshbhai do in this situation?
(A) He should take all the books at home and give written feedbacks.
(B) He should take extra classes in the morning to check and give the feedbacks of their homework.
(C) He should contact to an expert doctor and get cured his disease.
(D) He should ask students to check each other’s notebook and workbooks.
50. The students of standard 8th always take their lunch in the classroom so some food is always scattered on the floor of the classroom. This makes the classroom dirty. What should you do as a students’ representative?

(A) I should request to the Principal not to allow students to carry their lunch box.

(B) I should motivate them to use the common room.

(C) I should ask them to clean the class.

(D) I should report this to their parents with the help of class teacher.

Date and Signature of the student-teacher

Appendix No.08
Questionnaire for a Case Study  Roll No____

Respected Student-teacher,

You are requested to meet any exceptional personality from your community and collect the information of the following questions. The personality might be an educationist, social leader, donor, bright/weak student, handicapped person etc. You will convince the person/case by saying that the collected information will be used for the research purpose only and it will be kept secret.

**General Information:**

Name: ____________________________________________

Address __________________________________________

__________________________________________________________________

Age and Gender ____________________________________________

Educational Qualification: ________________________________

Race, Religion and Nationality _____________________________

Languages known _______________________________________

Profession, workplace, volunteer services if any:

__________________________________________________________________

Contact Number & E. mail Id. _______________________________________

Family Details: Family Members, their educational qualification & profession

__________________________________________________________________

__________________________________________________________________

__________________________________________________________________

__________________________________________________________________

1. From where did you get the school education? Please, share the difficulties that you faced while getting the education? If any

__________________________________________________________________

__________________________________________________________________

__________________________________________________________________

__________________________________________________________________
2. What Social, Political, Religious struggles/problems/conflicts did you face in your life?

_______________________________________________________________

_______________________________________________________________

_______________________________________________________________

3. What helps do you require? Who do you think can help to fulfill the requirements?

_______________________________________________________________

_______________________________________________________________

4. What are the volunteer services offered by you for the societal development?

_______________________________________________________________

_______________________________________________________________

5. What is the memorable day/experience of your life? Why?

_______________________________________________________________

_______________________________________________________________

6. What are your routine activities?

_______________________________________________________________

_______________________________________________________________

7. What are your interest areas? What social services would you like to offer?

_______________________________________________________________

_______________________________________________________________

8. What are your suggestions/opinions to Gujarat Government for societal development?

_______________________________________________________________

_______________________________________________________________

_______________________________________________________________

9. What are your special achievements? Who do you consider is the most contributors for your achievement?
10. What problems do you think become barriers for the societal development? Please, Illustrate.

11. What should be the role of people for the societal development?
