LIST OF TABLES

Table 4.1: Percentage of Reaction of Faculties and Students regarding the Favorability of Infrastructure for Adopting E-Learning Practices along with Intensity Index ................................................................. 76

Table 4.2: Percentagewise Distribution of Faculties and Students Response with Regard to E-Learning Forms Adopted in their Institutions...................... 78

Table 4.3: Percentagewise Reply of Students, Faculties and Lab Administrators Regarding Facilities of E-Learning Available in their Institutions.......... 80

Table 4.4: Percentage of Response of Faculties and Students Regarding the Role of E-Learning Practices in Improving their Professional/Academic Efficiency along with Intensity Index ................................................................. 89

Table 4.5: Satisfaction Expressed by Students, Faculties And Lab Administrators (in %) Regarding the E-Learning Practices Adopted in their Institutions along with Intensity Index ................................................................. 91

Table 4.6: Percentagewise Response of Faculties and Lab Administrators with Regard to their Perception on E-Learning.......................................................... 95

Table 4.7: Percentagewise Distributions of Ranking for the Personal Benefits of E-Learning as Marked by Faculties along with Intensity Index......................... 96

Table 4.8: Percentagewise Distributions of Ranking for the Professional Benefits of E-Learning as Marked by Faculties along with Intensity Index ............... 96

Table 4.9: Percentagewise Distribution of Ranking for the Benefits of E-Learning as Opted by Lab Administrators along with Intensity Index .................... 97

Table 4.10: Percentagewise Distributions of Ranking for the Benefits of E-Learning as Ranked by Students along with Intensity Index ......................... 98
Table 4.11: Percentagewise Distribution of the Ranking for the Dis-Advantages of E-Learning as Ranked by Faculty along with Intensity Index

Table 4.12: Percentagewise Distribution of the Ranking for the Dis-Advantages of E-Learning as Ranked by Lab Administrators along with Intensity Index

Table 4.13: Percentagewise Distribution of the Ranking for the Dis-Advantages of E-Learning as Ranked by Students along with Intensity Index

Table 4.14: Percentagewise Distribution of the Ranking Given by Faculty for the Challenges/Barriers to E-Learning along with Intensity Index

Table 4.15: Percentagewise Distribution of the Ranking Marked by Lab Administrators for the Challenges/Barriers to E-Learning along with Intensity Index

Table 4.16: Faculty and Lab Administrators Response (in %) Regarding their Familiarity with E-Learning Tools along with Intensity Index

Table 4.17: Response (in %) of Faculty and Lab Administrators Regarding their Overall Expertise in Using E-Learning Tools along with Intensity Index
