</table>
4.3 Distribution on the basis of Adoption of Lean Tools and Practices 256
4.4 Summary of Chi-Square Test of Association between Size of Unit and Lean Awareness, Extent of Lean Initiation, Year of Lean Initiation, and Adoption of Tools and Practices 260
4.5 Summary of Chi-Square Test of Association between Age of the Apparel Unit and Lean Awareness, Extent of Lean Initiation, Year of Lean Initiation, and Adoption of Tools and Practices 264
4.6 Summary of Chi-Square Test of Association between the lean Awareness and Initiation 265
4.7 Chi-Square Test of Association between Year of Lean Initiation and Lean Awareness, Initiation and Adoption of Lean tools 267
4.8 Summary of General Information of Lean Units and Non-Lean Initiated Units 270
4.9 Mean, Standard Deviation, and Mann-Whitney U Analysis of Full time Employees, Annual Turnover, Annual Garments Produced, and Total Floor Area of the Apparel Units 271
4.10 Tool Matrix of Lean Initiated Units 274
4.11 Wastes Identified in Apparel Unit A 281
4.12 Before and After Changes in Unit A 282
4.13 Wastes Identified in Apparel Unit B 289
4.14 Before and After Changes in Unit B 290
4.15 Wastes Identified in Apparel Unit C 293
4.16 Before and After Changes in Unit C 295
4.17 Wastes Identified in Apparel Unit D 297
4.18 Before and After Changes in Unit D 299
4.19 Wastes Identified in Apparel Unit E 302
4.20 Before and After Changes in Unit E 305
4.21 Wastes Identified in Apparel Unit F 308
4.22 Before and After Changes in Unit F 314
4.23 Wastes Identified in Apparel Unit G 316
4.24 Before and After Changes in Unit G 319
4.25 Wastes Identified in Apparel Unit H 321
4.26 Before and After Changes in Unit H 324
4.27 Wastes Identified in Apparel Unit I 327
4.28 Before and After Changes in Unit I  330
4.29 Wastes Identified in Apparel Unit J  332
4.30 Before and After Changes in Unit J  338
4.31 Mean, Standard deviation, and Analysis of Variance of Driving Factors in Lean Initiated Apparel Units  341
4.32 Mean, Standard deviation, and Analysis of Variance of Inhibiting Factors in Lean Initiated Apparel Units  342
4.33 Mean, Standard deviation, and Analysis of Variance of Critical Success Factors in Lean Initiated Apparel Units  344
4.34 Summary of Lean Assessment Scores and Phases of Lean Initiatives  348
4.35 Distribution on the basis of Phase of Lean Initiation  348
4.36 Distribution of Respondents on the basis of Phase of Lean Initiation in Association with Lean Awareness, Year of Lean Initiation and Adoption of Lean Tools and Techniques  350
4.37 Assessment of Lean Practices in Lean and Non-Lean Initiated Apparel Manufacturing units  353
4.38 Current Level of Leadership and Culture in Lean and Non-Lean Initiated Apparel Manufacturing Units  354
4.39 Current Level of Workforce Orientation in Lean and Non-Lean Initiated Apparel Manufacturing Units  356
4.40 Current Level of 5S in Lean and Non-Lean Initiated Apparel Manufacturing Unit  357
4.41 Current Level of Total Quality Management in Lean and Non-Lean Initiated Apparel Manufacturing Units  358
4.42 Current Level of Just In Time in Lean and Non-Lean Initiated Apparel Manufacturing Units  360
4.43 Mean, Standard deviation, Correlation, and Mann-Whitney U Analysis of Lean Assessment Factors in Lean and Non-Lean Initiated Apparel Units  362
4.44 Mean, Standard deviation, Correlation, t-test Analysis of 5S, and Total Lean Assessment Score in Lean and Non-Lean Initiated Apparel Unit  363
4.45 Mean, Standard Deviation, and One-way ANOVA showing Effect of Lean Awareness on Lean Assessment Score  365
4.46 Summary of Bonferroni Post- Hoc Test Showing Effect of Lean Awareness on Lean Assessment Score  366
4.47 Mean, Standard Deviation, and One-way ANOVA showing the Impact of Year of Lean Initiation on Lean Assessment Score

4.48 Summary of Bonferroni Post-Hoc Test showing Effect of Year of Lean Initiation on Lean Assessment Score

4.49 Mean, Standard Deviation, Correlation, and Mann-Whitney Analysis of Key Performance Indicators in Lean and Non-Lean Initiated Apparel manufacturing unit

4.50 Mean, Standard Deviation, and t-test Analysis of Key Performance Indicators in Lean and Non-Lean initiated Apparel Units

4.51 Summary of Carbon Footprint in Lean Initiated Apparel Manufacturing Unit

4.52 Summary of Carbon Footprint in Non-Lean Initiated Apparel Manufacturing Unit

4.53 Mean, Standard Deviation, Correlation, and Mann-Whitney Analysis of Carbon Footprint in Lean and Non-Lean Carbon Footprint

4.54 Mean, Standard Deviation, Correlation, and t-test Analysis of Carbon Footprint in Lean and Non-Lean initiated Apparel Manufacturing Unit

4.55 Mean, Standard Deviation and t-test analysis of Year of Lean Initiation and Key Performance Indicators

4.56 Mean, Standard Deviation, and t-test analysis of Year of Lean Initiation and Carbon Footprint

4.57 Demographic Characteristics of the Participants in the Workshop

4.58 Comparison between Pre, Immediately Post and One Month Post-Workshop Awareness Level regarding Lean Concept, 7 Wastes and Benefits

4.59 Comparison between Pre, Immediately Post, and One Month Post-Workshop Awareness Level regarding Lean Tools and Practices and Number of Tools used

4.60 Comparison between Pre, Immediately Post and One Month Post-Workshop Awareness Level Regarding Carbon Footprint Concept, and Importance of its Measurement

4.4 Column diagram showing distribution on the basis of year of lean initiation 255
4.5 Column diagram showing distribution on the basis of use of lean tools and practices 258
4.6 5S motivational poster display 278
4.7 Red and yellow tag box 278
4.8 Tool box 278
4.9 Modified sewing machine table 278
4.10 Segregation of size labels 278
4.11 Compartments in garment rack 278
4.12 Marker stand 279
4.13 Display of right or wrong. 279
4.14 Cellular layout 279
4.15 Andon lights 279
4.16 Andon pull switch 279
4.17 Kanban lights 279
4.18 Kaizen I: Tracks for moving CAM 282
4.19 Kaizen II: Coloured cutting lot wise sticker 282
4.20 Lean motivational poster display 286
4.21 Markings on files for sorting 286
4.22 Systematic placement of accessories on racks 287
4.23 Separate racks for left over fabric 287
4.24 Lean story board in unit B 287
4.25 Display of mock samples 287
4.26 Display of daily DHU record 287
4.27 Colour coding of the sticker size wise 287
4.28 Use of fish bone diagram 288
4.29 Use of mark up board 288
4.30 Kaizen-I: Using pictures of God and Deities at corridors in unit B 288
4.31 Andon lights in unit C 294
4.32 Traffic light system in unit C 294
4.33 Use of 5S thermometer 298
4.34 Proper arrangement of packaging material 298
4.35 Visual control signs 303
4.36 Danger and warning signs
4.37 Before after 5S pictures –I
4.38 Before after 5S pictures –II
4.39 Cloth bags for paper patterns
4.40 Colour coded flags in the sewing section
4.41 Lean manufacturing project room
4.42 Display of 7 wastes
4.43 Wastes identification board in unit F
4.44 Standardization checklist
4.45 Standardized operations display
4.46 5S information board
4.47 Kanban signal in unit F
4.48 Current state Value Stream Mapping in unit F
4.49 Future state Value Stream Mapping in unit F
4.50 Specially designed stool
4.51 Mock cards and flag system
4.52 Specially designed racks
4.53 Display of incorrect carton stickers
4.54 Cellular layout in unit G
4.55 Before after placement of fabric in unit G
4.56 Manual handrail production system
4.57 Terminal for scanning
4.58 Racks to hold pieces in unit H
4.59 Traffic light system sheets
4.60 Display of benefits of traffic light system
4.61 Future plans of unit H
4.62 Kaizen II: Colour coding of paper pattern cloth bags
4.63 Plan to reduce the travelling time
4.64 Reference sampling rack
4.65 SOP for tagging, folding and poly packing
4.66 SOP for measurement checking sequence
4.67 Before layout of finishing section in unit J
4.68 After layout of finishing section
4.69 Change in the process of attaching fusing to pocket
4.70 Change in the process of attaching fusing to palla
4.71 Calculation of style change over time in unit J
4.72 Use of shadow markings
4.73 Use of box for size stickers
4.74 Change in the process of attaching lace
4.75 Change in the process of attaching panels
4.76 Bar graph showing the distribution on the basis of phase of lean initiation
4.77 Column diagram showing the association of lean awareness and phase of the lean initiation.
4.78 Column diagram showing the distribution of respondents on the basis of year of lean initiation and phases of lean initiation
4.79 Column diagram showing distribution on the basis of use of lean tools as per the phases of lean initiatives
4.80 Radar chart showing assessment of lean practices in lean and non-lean initiated apparel manufacturing units
4.81 Radar chart showing current level of Leadership and Culture in lean and non-lean initiated apparel manufacturing units
4.82 Radar chart showing current level of Workforce Orientation in lean and non-lean initiated apparel manufacturing units
4.83 Radar chart showing current level of 5S in lean and non-lean initiated apparel manufacturing units
4.84 Radar chart showing current level of Total Quality Management in lean and non-lean initiated apparel manufacturing units
4.85 Radar chart showing current level of Just In Time in lean and non-lean initiated apparel manufacturing units
4.86 Column diagram showing lean assessment score on the basis of year of lean initiatives.
4.87 Standard minute value of the common garment
4.88 Distribution on the basis of defect categories
4.89 Distribution on the basis of types of defects
4.90 Column diagram showing error bars with standard deviation of work in progress in lean and non-lean initiated apparel units
4.91 Column diagram showing the scope I, II, and total emissions in lean and non-lean initiated apparel units.
4.92 Column diagram showing stationary, mobile and fugitive emissions in lean and non-lean initiated apparel units.

4.93 Sheet-1: Unorganized and unsystematic arrangement

4.94 Sheet-2: Principle of 1st S (Sort)

4.95 Sheet 3: Principle of 2nd S (Set in Order)

4.96 Sheet 4: Principle of 3rd S (Shine)

4.97 Sheet 5: Principle of 4th S (Standardize)

4.98 Draw a fashion sketch sheet

4.99 Step wise drawing of sketch sheet

4.100 Awareness workshop-I

4.101 Awareness workshop-II

4.102 Awareness workshop-III
