I would also like to thank **GIDC Shri Rajju Shroff Rofel Institute Of Management Studies, (B.B.A.Programme), Vapi -396 191, India** for extending all possible help, encouragement and also extending me their library facilities.

I would like to take this opportunity to thank my parents who constantly provide me the moral, physical, mental and financial support which were very much neede. Words are few to express my regards to my parents for their appreciation.
I could never forget my sister and brother-in-law whose enthusiasm for the thesis resulted in its submission right on time.

It is great pleasure to express my sincere thanks and gratitude to all my teachers from School, College and University level for taking special interest in developing my individuality and my career. I say a big “Thank You” to all of them as I would have never reached higher faculties of Mathematics without their encouragement and support.

I would like to thank all my friends who are constant source of inspiration for me to carry out the study. Their constant encouragement and support have inspired me to complete my work in present manner.

Apart from these, there are many others who have contributed towards the completion of this work, I would like to them all from the bottom of my heart.
