ACKNOWLEDGEMENTS

First and foremost of all, I take this proud privilege to share my deep sense of gratitude for my worthy guide, Dr. C. Raman Suri, whose continuous encouragement, motivation and faith in me inspired me to discover my own dormant potentials. His guiding spirit, valuable suggestions and constructive criticism has not only given this work its present shape but has also helped me become a better person in every way of life. His scholarly instinct and humble response to all my naive queries and inquisitiveness is admirable.

I am grateful to Dr. G. Sahni, Director, Institute of Microbial Technology, for providing excellent research facilities and administrative support. I also have a deep sense of gratitude to Dr. A. Ghosh, former Director Institute of Microbial Technology.

I owe my thanks to Mr. R. C. Sharma for his constant support. Without Yogesh, preparation of this thesis would have been just half as fun and half as good without his constant help and suggestions. I also wish to express my thanks to Dr. Vikas Rana and Dr. Jasdeep Kaur whose constant help brought this project to a successful conclusion.

I must put on records my deep sense of gratitude and appreciation for encouragement and moral support of my friends and colleagues, even in my depressed times of failure besides lending me all their possible help. Thank you- Robin, Nishima, Sonu, Khushboo, Priyanka, Nalini and others. I am thankful to Dr. Neeraj Khatri for providing excellent animal facilities.
I would like to thank the scientific library and administrative staff of IMTECH fro providing prompt help in anything required. The financial help provided by CSIR, New Delhi I duly acknowledged.

I find it difficult to verbalize my deepest sense of indebtedness to my parents, who suffered while I traversed the path of knowledge, providing me with constant inspiration to go ahead in all my endeavors. I thank my younger brother, Nikhil, for his boundless love and support that kept me going to complete this venture.

Lastly, I would like to apologize to all those who I have not mentioned by name but have asked them favors without inhibition whenever whatsoever, required. I am indebted to them for many ways they have helped me during the course of this study.
