ACKNOWLEDGEMENT

Submission of thesis is indeed a very special occasion for me to express my sincere regards and heartfelt appreciation to all those who made possible this thesis a reality.

First and foremost, I am profoundly and everlastingingly grateful to my academic supervisor, Dr Pranav S. Shrivastav, Associate Professor, Chemistry Department, School of Sciences, Ahmedabad for his valuable guidance, positive approach, inspiration, patience and enduring leniency through out the course of my work, providing a major momentum which has successfully led me to the completion of this work.

It is my privilege to acknowledge Prof. S.K. Menon, Head, Chemistry Department and Prof. U.C. Pande, former Head, Chemistry Department, for their encouragement and support during my tenure. The teaching and non teaching staff of Chemistry Department, Gujarat University, deserves a special mention for their kind cooperation and concern. It is indeed my pleasure to record my appreciation to my fellow researchers late Kejal Jayswal, Jigar Patel, Vijay Patel, Hiren Mistri, Bhavin Patel, Deepak Jain and Nitesh Patel for their generosity and support throughout my research work.

Words fall short to express my profound gratitude to my Ba, Mummy & Pappa, who have been role models of my life in showing me the path of perseverance & my siblings Dhaboo & Montu, the pillars of my strength. On the same note, I would record all my appreciation to Mrs. Mallika Shrivastav for her care and motivation during the entire phase of research with Dr. Pranav Shrivastav. A special gesture of gratitude for Kaustubh whose unspoken consent enabled my guide to work without hassles.

Last but not the least, I am grateful to UGC, Delhi for providing the financial support through Junior & Senior Research Fellowships (JRF & SRF). I would also like to express my gratitude towards the open-source software community and Google for their efforts in knowledge sharing.

Mitesh H. Patel
