ACKNOWLEDGEMENT

God has showered his grace and blessings on me, which have enabled me to complete this thesis. This research work is the result of the very competent and meaningful guidance of Prof. K. Palanikumar, Principal, Sri Sai Ram Institute of Technology, Chennai, Tamil Nadu, India and Prof. K. Hemachandra Reddy, Professor, Department of Mechanical Engineering JNTUA College of Engineering, Ananthapuramu, Andhra Pradesh, India. I place on record my deep sense of gratitude and thanks for the invaluable guidance, suggestions, support and consistent encouragement extended to me by them. They are the prime source of motivation and encouragement for the completion of this work.

I immensely thank Prof. K. Lal Kishore, Vice chancellor, Prof. H. Sudarsana Rao, Rector, Prof. S. Krishnaiah, Registrar, Prof. S. V. Satyanarayana, Director of Research and Development, Prof. B. Uma Maheswar Gowd, Director of Admissions, JNTU Anantapur, Ananthapuramu for their encouragement, cooperation and timely help.

I express my sincere thanks to MJF. Ln. Leo Muthu, Chairman and Mr. Sai Prakash Leo Muthu, CEO, Sri Sairam Group of Institutions, Chennai for providing all the necessary facilities and extending their support to this research work.

I profoundly thank Dr. K. S. R. Anjaneyulu, Principal, Dr. B. Durga Prasad, Head of the Mechanical Engineering Department, JNTUA College
of Engineering, Ananthapuramu for their moral support, encouragement, timely help and suggestions throughout the research work.

I wish to thank Dr. C. V. Jayakumar, Principal, Dr. A. Rajendra Prasad, Dean (R&D), Dr. B. Latha, Professor & Head, Department of Computer Science and Engineering, Sri Sai Ram Engineering College, Chennai, Tamil Nadu, for their encouragement, cooperation and spontaneous help.

I express my gratitude and thanks to my Father, Mother, Father-in-law, Mother-in-law, sister and brother-in-law and all my relatives for their affection and steady support.

This research work would not have been possible but for the incredible and formidable support extended to me by my beloved wife Smt. C. Deepa, Assistant Professor, Sathyabama University, Chennai, who has given me courage and inspiration, which made me complete this work; my affectionate daughter, baby R. Janantika, and son master R. Shripuranav have been a source of inspiration for the successful completion of this research work.

I extend my sincere thanks to all my friends and colleagues, both teaching and non-teaching, and students who have been associated, directly and indirectly, with my research work.

M. RAMESH
