ACKNOWLEDGEMENTS

It is with a deep sense of gratitude, I wish to render my thanks to Dr. M.B. Devani, M.Pharm., D.Sc. (Munich), Professor and Head of the Department of Pharmaceutical Chemistry, under whose esteemed guidance and supervision the work presented in this thesis was carried out.

I wish to express my thanks to Dr. (Miss) B.M. Trivedi, M.Pharm., Ph.D (Prague), Principal, L.M. College of Pharmacy, for having provided me with the facilities for carrying out the work.

I am grateful to Dr. C.J. Shishoo and Dr. U.S. Pathak for their helpful discussions, valuable suggestions and keen interest in this work.

I am highly indebted to Dr. K.G. Dave, Scientist, Hindustan Ciba-Geigy Research Centre for his constant encouragement and constructive criticism offered with unfailing enthusiasm throughout the course of this work.

I am highly grateful to Dr. S. Selvavinayakam, Hindustan Ciba-Geigy Research Centre for providing analytical and spectral data.
I am also thankful to Dr. C.L. Kaul, The Boots Co. (I) Ltd., Dr. M.R. Patel, Cadila Laboratories for spectra.

I am grateful to Dr. S. Ananthan, Mr. V.S. Bhadti and Mr. G.V. Ullas for their co-operation during the course of this work. My special thanks are due to Mr. I.S. Rathod, Mr. B.N. Suhagia, Mr. S.A. Shah, Mr. S.S. Thakore and Mr. K.S. Jain and a number of my friends and colleagues who have been of great help in the completion of this work. I am thankful to Mr. R. Pandurangan for the typing of this thesis.

I take this opportunity to thank C.S.I.R., New Delhi for the award of a fellowship.

Ahmedabad 380009

December 1984.

(M.G. Dave)
