</table>
10 The number of pupils of Std. V responding to the items correctly from upper and lower groups. Difficulty values of items and discriminative indices.

11 The number of pupils of Std. VI responding to the items correctly from U.Gr. and L.Gr. difficulty values of the items and Discriminative indices.

12 The number of pupils of Std. VII responding to the items correctly from upper and lower groups, difficulty values of items and discriminative indices.

13 Average difficulty value of sub-test for class V, VI and VII and overall difficulty values.

14 No of pupils from class VII finishing each sub-test at different intervals of time in minutes.

15 The number of pupils from class VI finishing each sub-test at different intervals of time in minutes.

16 The number of pupils from class V finishing each sub-test at different intervals of time in minutes.

17 Time allowance for each sub-test for classes VII, VI and V and average time allowance.

18 The number of boys and girls selected from classes of V, VI and VII of Private and Municipal Primary Schools for the purpose of final administration of the test.
19 Raw Score and their corresponding PR and T Scores for Boys of Std V of Municipal Primary Schools. 101

20 Raw Score and their corresponding PR and T Scores for Girls of Std V of Municipal Primary Schools. 102

21 Raw Score and their corresponding PR and T Scores for Boys of Std VI of Municipal Primary Schools. 103

22 Raw Score and their corresponding PR and T Scores for Girls of Std VI of Municipal Primary Schools. 104

23 Raw Score and their corresponding PR and T Scores for Boys of Std VII of Municipal Primary Schools. 105

24 Raw Score and their corresponding PR and T Scores for Girls of Std VII of Municipal Primary Schools. 106

25 Raw Score and their corresponding PR and T Scores for Boys of Std V of Private Primary Schools. 107

26 Raw Score and their corresponding PR and T Scores for Girls of Std V of Private Primary Schools. 108

27 Raw Score and their corresponding PR and T Scores for Boys of Std VI of Private Primary Schools. 109
28 Raw Score and their corresponding PR and T Scores for Girls of Std VI of Private Primary Schools.

29 Raw Score and their corresponding PR and T Scores for Boys of Std VII of Private Primary Schools.

30 Raw Score and their corresponding PR and T Scores for Girls of Std VII of Private Primary Schools.

31 F.D. of the scores made by the Boys and Girls of the total sample.

32 Frequency distribution of scores made by pupils of classes V, VI and VII on LCT.

33 Letter grade, interval limits (2), Score limits and theoretical percentage of cases receiving each grade.

34 Number of pupils under study getting different letter grade and their percentages.

35 Observed and expected percentages of pupils getting A, B, C, D and G and \( x^2 \).

36 A. A table showing composition of the sample.
B. Scattergram of total sample

37 Frequency distribution of I.Q. of boys and girls of std. V, VI and VII of the sampling schools.
38 F.D. of the L.C. Scores of Pupils of Std V, VI and VII of high I.Q. and low I.Q. with cumulative percentage frequency.

39 F.D. of Scores obtained by the pupils from high SES and low SES group with cumulative percentage frequency.

40 Frequency distribution of scores on L.C. test made by pupils of Std. V in the Municipal Schools and Private Schools of Ahmedabad City.

41 Mean, Median, SD of scores on L.C. of the pupils of std. VI of the Municipal and Private Primary Schools of Ahmedabad City.

42 Mean, Median, S.D. of Scores on L.C. of the pupils of std. VII of the Municipal and Private Primary Schools of Ahmedabad City.

43 Mean, Median, SD and cumulative percentage frequency of the scores on L.C. of both the types of schools.

44 Table showing the L.C. scores and percentage cumulative frequencies of the pupils of big and small families.
45 Mean, SD, Mean difference and CR of scores made by boys and girls of classes V, VI and VII from the primary schools of Ahmedabad City.

46 Mean, Mdn, SD of the L.C. scores made by the pupils (boys and girls) of the total sample.

47 The correlation by product moment between two sets of scores.

48 Number of boys and girls from Private and Municipal Primary Schools.

49 Correlation of the sets of scores by product moment method.

50 Number of boys and girls from Private and Municipal Schools.

51 Proportion of pupils answering each item correctly and incorrectly.

52 Reliability co-efficient of the test by different method.

53 Analysis of items of each sub-test according to the behaviour components they are testing.
54 Scatter Diagram of scores made by pupils of class VI on L.C. test and teacher's opinions.

55 Scatter Diagram of Scores made by pupils of class VI on L.C. test and teacher's opinion.
