ACKNOWLEDGEMENTS

At the very outset I thank to the “Almighty” for bestowing everything well beyond the generous share I can ever deserve.

I deem it is a matter of great privilege to express my deepest sense of gratitude and inobtrusive to my supervisor Prof. S.P. Bajpai, M.Sc. (Saug) Ph.D. (Wales), Professor of Botany, Doctor Harisingh Gour Vishwavidyalaya, Sagar. I consider it my foremost duty in expressing my sincere indebtedness to him for his constant help, affection and valuable guidance during the course of present investigation and for building my research carrier. He always enlightened my understanding not only in academic but also in moral and social fields.

I am extremely grateful to Prof. K.M. Vyas, Head, Department of Botany, Doctor Harisingh Gour Vishwavidyalaya, Sagar (M.P.), for providing me necessary laboratory facilities and assistance in solving uncountable problems.

I am deeply indebted to all the teachers of my departmental family for their suggestions and kind cooperation in all respects.

I don’t have words to express my indebtedness to my esteemed seniors Dr. Pradeep Kumar Tiwari and Dr. Ravi Prakash Agrawal, who were a source of encouragement and moral boosting throughout the course of these studies.

I find no words to record my earnest feelings of gratitude to Mrs. K. Bajpai, for her encouragement and blessing during the course of my research work.

During the completion of the work and preparation of the Ph.D. thesis, I have received full cooperation and encouragement from all of my departmental seniors and junior friends specially Ms. Arpana Devalia, Mrs. Neelam Thakur, Mrs. Saroj Yadav, Ms. Seema Jain, Ms. Kalpana Tiwari, Mr. Atul Vishwas. I would like to express my heartfelt thanks to all of them.
I can’t express in words the dedication and sacrifice of my younger sister Amita for the sake of my research work. I place on record the thanks for the cooperation extended to me by my younger brothers Pankaj, Neeraj and Sunil for all their help and inconveniences caused due to my arduous work schedule during all these long years.

I wish to record my special thanks and gratification to my close friends specially Alka didi, Richa, Saroj, Tripti, Vinaya, Prachi, Seema and my loving junior Richa, who have smilingly embraced the obvious sufferings during the course of this work, which infact have always been a source of inspiration for me.

I am indeed very thankful to the other members of Botany Department, Shri K.K. Dixit, Shri J.P. Chaubey, Shri S.K. Soni and Shri A. Nagariya for their help and cooperation during the period of this work.

I wish to recall and express my thanks to the class fourth workers, of the department, especially Shri Ravishankar, Shri Aman, Shri Param Lal, Shri Ratan Lal and all others who have helped me directly or indirectly during the course of this work.

I am highly thankful to MAPCOST for providing the fellowship during the tenure of my research work. My thanks are also due to my field assistant Shri Davendra Prajapati who helped me a lot in field work.

Thanks are due to the proprietor of “Network Computers”, for his excellent compilation of this work and its presentation in the present form.

Lastly but not the least, I feel short of words to express my feelings towards my mother Smt. Shusheela Devi and my father Shri Ram Kumar Chaturvedi for whom I can only say that whatever I own, enjoy and achieve, both material and spiritual are the blossoms of their life-long TAPASAYA.

Savita Kiran Chaturvedi
