ACKNOWLEDGEMENTS

It has been a great privilege to work under the supervision of Prof. S.C. AGRAWAL, Ph.D., F.B.S., C.A.S.F. (U.K.), Incharge, Applied Microbiology & Biotechnology and Dean, faculty of Life Sciences, Dr. Hari Singh Gour Vishwavidyalaya, Sagar (M.P.), whose constant inspiration and guidance was available to me at every step during the course of research work. For this, I shall always be indebted to him.

I wish to express my sincere gratitude to Prof. K.M. Vyas, Head, Department of Botany, Dr. H.S. Gour Vishwavidyalaya, Sagar for providing the necessary research facilities. I would like to thank from the core of my heart to Dr. P.C. Jain, Asstt. Prof. for his painstaking job for the perusal of the text of the thesis.

I am at the same time greatful to Prof. S.R. Agrawal, Head, Department of E.N.T., G.R. Medical College, Gwalior, Dr. R.P. Pathak, E.N.T. Deptt., District Hospital, Sagar, Dr. R.S. Rathore, Govt. College, Pawai and Dr. (Ms.) Alka Ben Trivedi, Kyoto University, Japan for their whole-hearted help and co-operation.
I would be failing in my duty, if I do not acknowledge with profound gratitude, the assistance and moral support rendered by all the Research colleagues of Applied Microbiology & Biotechnology and Plant Physiology laboratory of this Department.

Shri R.R. Patel proprietor M/S Network Computers, Sagar gave his expert help in electronic typing work even at odd hours, I am thankful to him for the same.

At last I would like to thank the Directorate General of Health Services, Ministry of Health and Family Welfare, Govt. of India, New Delhi for awarding me a research fellowship and for providing the necessary financial assistance.

(Sudhir Jain)
