Anything worthwhile cannot be accomplished without Divine Blessings, no matter how great our efforts are. Therefore, first and foremost, I thank the Supreme Lord for showering His Unbounded Grace and Mercy and giving me the inspiration and strength to accomplish this task.

Words are not adequate to express my gratitude to my supervisor Prof. C. Patvardhan for his enthusiastic supervision, invaluable suggestions and eternal optimism. His penetrating deep insight in the subject and thought provoking comment & suggestions enabled me to develop new insights in the field. I am grateful to him for devoting a vast amount of time to guide, discuss, review and give moral support. I really admire his dedication to research.

I extend my gratitude to my co-supervisor Dr. C. Vasantha Lakshmi for her valuable and expert support in various technical aspects to complete this research work. I am grateful to her for giving me valuable guidance and her valuable time.

I express my deep sense of gratitude and respect to Prof. V. Prem Pyara, Head of Electrical Engineering and Dean of Faculty of Engineering for his constant moral support and kind co-operation. He has always been a source of inspiration to me.

I am also thankful to Prof. D. S. Mishra, Ex. Dean, Faculty of Engineering for his support, encouragement and making available the facilities during the course of this work.

I express my profound thanks to Prof. V. G. Das, Honorable Director, DEI for his all kind of support and motivation.

My special thanks are for Dr. A. K. Gupta, Director, Hindustan Institute of Technology and Management, Agra, Mr. M. S. Teotia, CEO, Sharda Group of Institutions (SGI), Mr. P. K. Gupta, Chairman and Mr. Y. K. Gupta, Vice Chairman, Sharda Group of Institutions (SGI). They supported me in multiple ways during this research work and provided me the opportunity to pursue this endeavor.

I am also thankful to Prof. A. K. Saxena, Prof. D. K. Chaturvedi, Dr. Manmohan Agarwal, Dr. K. Srinivas, Dr. D. Bhagwan Das, Prof. Ranjit Singh, Dr. D. Prem Prasad, Dr. K. Hans Raj, Dr. V. Soami Das, Dr. Rahul S. Sharma, Dr. Rahul
Caprihan, Mr. J. P. Rawat, Mr. Anand Sinha and Mr. Sahab Das for their best wishes and support.

I thank my coworkers Raghendra Sharma, Sulabh Bansal, V. Prem Prakash, Amit Sarswat, Rohit Sharma, P. P. S. Tomar, Gaurav P. Rana, Varun Maheshwari, Deepak Kumar, Swati Agrawal, Sarika Singh and Gunjan for their fruitful discussions on technical and non-technical topics and for having lighter moments together.

I am also thankful to Harkeshwar Yadav, Pooran Jati and C. Radha Charan for their constant help and support.

The contribution of my all family members cannot be limited in few words. The present work could not be completed without motivation and blessings of my beloved parents. I would like to express my deep sense of gratitude to my respected mother Mrs. Rajbala Verma and my respected father Mr. Mahendra Prasad Verma, whose blessings and support helped me to complete this work. Their co-operation, motivation, care and blessings have always remained with me and shall continue to remain the source of strength throughout my life.

I cannot forget the contribution, affection, best wishes and endless patience of my wife Mrs. Neema Verma and my lovely daughter Ms. Ayushi Verma. I express my thanks and affection to them for their persistent support and motivation, because of which I could accomplish this work.

Also I would like to extend my thanks to my sisters Mrs. Sunita Verma, Mrs. Sangeeta Verma and Mrs. Anju Verma whose best wishes always helped me to grow in my life.

A Ph.D. is not just another part of the long journey called life. It has given me the several moments and opportunity to groom my personality in last few years. With all sort of taste of success and failure, I have learned lots of new things, new concepts, and new fundamentals which enhanced my skills and provided me the strength to think philosophically.

In last, I am immensely grateful to all who have directly or indirectly contributed in the successful completion of this research work.

**Ajay Kumar Verma**
