LIST OF PLATES

Plate 1. A. Map showing location of the area
B. Geological map of the area and its adjoining parts (after A.M. Meer, 1953)

Plate 2. Descriptive terminology of boudins

Plate 3. Structural map of the area between Bhim and Todgarh, Rajasthan; on 4" = 1 mile scale (in the pouch)

Plate 4. Lineation map of the area between Bhim and Todgarh, Rajasthan; on 4" = 1 mile scale (in the pouch)

Plate 5. Map of a refolded part of red quartzite showing superposition of $F_3$ folds on $F_2$ folds; 1" = 4 feet scale (in the pouch)

Plate 6. Lithological map of the area between Bhim and Todgarh, Rajasthan

Plate 7. Map showing $F_2$ and $F_3$ axial surface trends and shear zones.

Plate 8. Intertonguing of two lithounits and idealised sketch showing $S_2$ cleavage relationship with $S_0/S_1$

Plate 9. Sketches showing structural history of different folds

Plate 10. Field sketches of different folds and their refolding

Plate 11. Field sketches of Boudinage structure

Plate 12. Field sketches of Boudinage structure

Plate 13. $S$-pole diagrams and $\phi$-pole diagram

Plates 14 to 32. Field photographs

Plates 33 to 36. Photomicrographs

(vii)
GEOLOGICAL MAP OF THE AREA AND ITS ADJOINING PARTS

(After A. M. Heron, 1953)

INDEX

- Erinpura Granite
- Epidiorites and Horn Blende Schist
- Biotitic Limestones & Calc-Gneisses
- Calc-Schists
- Biotite Schists
- Quartzites in Ajabgarh Series
- Limestone in Delhi System
- Arkose & Conglomerates
- Pre-Aravalli Granite

Scales:
- 6:1 Km
- 10 Km

Legend:
- Road
- Area Investigated
- Fault
- Vertical Beds
- 70 Dip Amount
- Road
