ACKNOWLEDGEMENTS

First and foremost, I express my deepest gratitude to The Almighty Allah for He has been with me from the beginning and for He shall be till the end.

I feel profound privilege to express my sincere and deepest feeling of gratitude to my Major Advisor Dr. M. P. Gupta, Professor, Department of Veterinary and Animal Husbandry Extension, Guru Angad Dev Veterinary and Animal Sciences University, Ludhiana, for his judicious technical guidance, constructive criticism, and ever willing help.

I feel privileged to express my gracious thanks to the members of advisory committee Dr. H. M. Saxena professor Veterinary Microbiology, Dr. N. S. Sharma, Professor and Head, Department of Veterinary Microbiology, Dr. G. Filia, Scientist, Animal Disease Research Centre, Dr. P. K. Sidhu (Dean PGS Nominee), Senior Toxicologist, Animal Disease Research Centre for their meticulous supervision throughout my research work.

I am highly thankful to Dr. Amarjit Singh, Professor and Incharge, Animal Disease Research Centre for timely instructions and support. I shall ever remain thankfully indebted to him. The timely help by Dr Vishal and Dr. Bala is highly appreciated.

I express my special thanks to Suhail, Ashiq, Ahsan, Shabir, Namita, Hitesh, Maqsood, Nasir, Sayar, Ishtiyaq, Roshan, Riyaz, Lateef, Aqeel, Tawseef, Tawheed, Aadil Mehraj, Adil Kamal, Muzzafar, Basharat, Shamshad, Murad and Gurdeep Singh (ALPS).

I express my sincere and whole hearted thanks to Mohamed S. M. Eljadar and Radya A. A. Mustafa and their kids Abdul and Mariam for providing unceasing encouragement during the period of study.

I feel a deep sense of gratitude for my parents and grandparents who formed part of my vision and taught me the good things that really matter in life. I thank them for their love, their support, and supreme sacrifice. I dedicate this work to them, to honour their love, patience, and support during these years. Mere words will never match the quantum of love, affection, and moral support that I received from my elder brothers and sister.

Last but not the least I will like to thank the entire staff especially Khem Singh ji, Kulwant, Rekha Ram ji, Shamsher, Sohanlal ji, Prit Pal ji, Mohinder ji, Shishpal ji, and Om pal ji of Department of Epidemiology and Preventive Veterinary Medicine.

It is not possible for human mind to recollect all those, who helped me directly or indirectly, within this brief script and naturally there are some unacknowledged ones who in no sense deserve less credit.
