Acknowledgement

Words are the supreme medium to acknowledge the efforts of the people. Apart from the efforts of myself, the success of this project depends largely on the encouragement and guidelines of many generous and inspiring people. I take this opportunity to express my thankfulness to the people who in one way or another helped, contributed and extended their valuable support in the preparation and completion of this study.

First and foremost, my highest gratitude to my guide Prof. D. G. Hundiwale, Director, BCUD, North Maharashtra University, Jalgaon whose genuineness and assistance in all means during the project work I will never forget. As a gracious mentor his words always are kept in my mind during the research period that enlightens the way of my accomplishment. His valuable teaching and the compassionate behavior enabled me to undertake the scientific work and contribute something valuable for applications to mankind.

Whole-hearted thanks to Prof. P. P. Mahulikar, Director, School of Chemical Sciences, North Maharashtra University, Jalgaon for his unselfish and unfailing support. I always felt motivated and comfortable every time I attend his presence. Without his encouragement and assistance this project would not have been materialized.

I am equally thankful to Prof. S. U. Meshram, Hon’ble Vice-Chancellor and Prof. A. M. Mahajan, Registrar, North Maharashtra University, Jalgaon for giving me the opportunity to work and providing the basic infrastructure for my research work at the university school.

My earnest thanks to Prof. K. J. Patil who until his day of retirement had kind concern and consideration regarding my academic requirements which could have been incomplete without his all-time inspiration. Thanks for his valuable insights in the relevance of the study regarding the basis of education not just in the scientific sphere.

My sincere thanks to Dr. V. V. Gite for his patience and steadfast encouragement to complete this study. I thank him for all the valuable advices and discussion supervised by him during my study work. I am also thankful to Prof. U. R. Kapadi for his timely suggestion and kind support.
