Acknowledgements

I believe all the knowledge and strength comes from almighty. Therefore, with all the due approbation for the Divine, it is my duty to reserve the words of appreciation for all, who have helped and supported me during this research endeavor and compilation of the thesis.

At the outset, I would like to express my deep appreciation to Dr. Lakhwinder Kaur Professor, Computer Engineering, University College of Engineering (UCoE), Punjabi University Patiala for her constant guidance, help and support to carry out the research work. As my supervisor, she has continuously enforced me to follow the standard of quality research and remain focused to achieve the objectives. During the years of research, I remember no occasion when she could not spare time to discuss my research problems. I realized the depth and improvement in research work through her patient and persistent advisories.

I am grateful to Dr. J.S. Khamba (Professor and Head, UCoE) for his valuable suggestion and support to complete the work and fulfill the requisite official requirements. I thank Dr. Manjit Singh Patterh (Professor, ECE, UCoE) for extending his sincere and precious advice to shape the thesis. I owe Dr. Amardeep Singh (Professor and in-charge CE Section, UCoE), Dr. Himanshu Aggarwal (Professor, CE, UCoE) and Dr. Raman Maini (Professor, CE, UCoE) for their valuable suggestions during the research and thesis compilation.

I acknowledge the Department of Computer Science and Engineering, Sant Longowal Institute of Engineering and Technology (SLIET), Longowal for facilitating
me with the required infrastructure to complete the research work. I thank Dr. J.S. Dhillon (Head, Department of Computer Science and Engineering, SLIET) for his time to time guidance and support. I acknowledge the Central Library, SLIET, Longowal, for extending the facility of browsing the online journals and periodicals to explore the research literature. My thanks are also due to my colleagues in the department of Computer Science and Engineering, SLIET, Longowal, especially Mr. Damanpreet Singh, Mrs. Gurjinder Kaur and Mr. Sanjiv Prakash, who were the first to discuss with and sort out the programming errors, system errors and settings of simulation.

I would like to thank Dr. R.K. Mishra (Department of Mathematics, SLIET, Longowal) and Dr. Munish Goyal (Punjabi University, Patiala) to whom I always rushed to find the mathematical solutions during modeling. I am also thankful to Dr. Hazoor Singh (Yadavindra College of Engineering, Punjabi University, Patiala) and Dr. Surinder Singh (Deptt. of ECE, SLIET, Longowal) for inspiring and guiding me to present the work during publications and thesis organization. I cannot forget to acknowledge the hospitality and support received from Mr. Kulwinder Singh (UCoE, Punjabi University, Patiala) during each of my visit to Punjabi University while carrying out the research work.

Last, but not the least, I would like to express my profound gratitude to my parents and family. Their love, wishes, cooperation and support have enabled me to complete the research work. Especially, my loving son, ‘Sukhman’ who maturely understood my busyness during the period and avoided to compel me to be the part of his favorite cricket.
