ACKNOWLEDGEMENTS

It is my privilege to express my appreciation, deep sense of gratitude and indebtedness to my supervisor Dr. Gopal Narain, Reader, Department of Chemistry, Doctor Harisingh Gour Vishwavidyalaya, Sagar, for his valuable guidance and inspiration, that the work had become possible.

I am thankful to Prof. S.P. Banerjee, Head, Department of Chemistry, Doctor Harisingh Gour Vishwavidyalaya, Sagar, for encouragement and providing necessary laboratory facilities.

I am extremely grateful to Prof. (Mrs.) Padmaja R. Shukla, Department of Chemistry, University of Lucknow, Lucknow, for her valuable suggestions and help.

I wish to record my sincere thanks to Dr. J.L. Thakkar, Reader, Department of Physics and Dr. R.S. Maheshwari, Reader, Department of Criminology and Forensic Science, Doctor Harisingh Gour Vishwavidyalaya, Sagar, for providing necessary facilities to perform magnetic susceptibility measurements and to record the electronic spectra.

I cannot forget my research colleagues Dr. Jai Kumar Jain, Mr. Indresh Kumar Pandey, Miss Priti Agarwal, for their encouragement.

I am also thankful to University Grants Commission for giving me U.G.C. Grant.

In spite of all, I could not have been blessed with this achievement without the help, encouragement and inspiration that I got from my respected Baba and Aai.

(Sanjay Kumar Telang)
