PREFACE

The present revised thesis entitled 'SOME PROBLEMS ON FIXED POINT THEOREM' is the outcome of the research work done by me under the esteemed supervision of Dr. A.K. Namdeo, Asstt. Professor, Department of Mathematics and Statistics, Dr. Harisingh Gour Vishwavidyalaya (Formerly: University of Saugar), Sagar, M.P.

I feel great pleasure to offer my heartful thanks and deep sense of gratitudes to Dr. A.K. Namdeo for his valuable guidance, dynamic suggestions, immeasurable help and under whose careful supervision I had the privilege to carry out my research work.

I express my high regards and gratitudes to Late Dr. F.L. Sharma, Dr. S.K. Shrivastava, Dr. S.N. Maheshwari, Dr. K.C. Shrivastava, Dr. R.K. Jain (present Head of the Deptt.), Dr. Ram Prasad, Dr. K.K. Dube and Dr. R.S. Singh for their generous help and valuable suggestions during the research period. Also I am very thankful to Dr. Dilip Gupta and Dr. Z.K. Ansari, my fellow workers for their continuous help and active discussions.

Reprints and acceptance letters for publication of research work are given in Appendix at the end of the thesis.
I am indebted to eminent Professors - B. Fisher, University of Leicester, England; B. E. Rhoades, University of Bloomington, U.S.A.; S. Park, Seoul National University of Korea; C. C. Yeh, National Central University, China and others for helping me by sending reprints of their valuable work without which the completion of the research work was not possible.

Also, I am deeply grateful to University Authorities, Librarian of Pt. J. L. Nehru Library, Dr. H. S. Gour University, Saugar and other staff members of the University Research section and Library for helping me during the period of research work.

I feel great pleasure at this moment to express my high regards to Dr. S. V. Dharmadhikari, Principal, J. H. Govt. College, Betul for providing me necessary facilities in the college and continuous inspirations throughout my research work. I offer my gratitudes to Dr. A. K. Yuel, Shri D. N. Khasdeo, Shri S. K. Gour, Shri S. K. Baghel, Shri M. L. Pawar, Shri J. Mathew and Shri D. S. Rajput for their
uninterrupted encouragement and moral support without which it was not possible to me to complete the research work.

I take this opportunity to express my heartful thanks to Smt. Veena Namdeo for her kind help and to my brother Shri P.D. Daheriya and to my wife Smt. Savitri Daheriya for their cooperation to complete my work peacefully.

Last but not the least I offer my gratitudes to Shri L.P. Choubey for his help and having done the difficult job of typing a thesis of Mathematics with meticulous care.
