

## LIST OF TABLES

Table No	Name of Table	Page No
1.1	List of sample Companies based on various types of industry	10
1.2	Historical highlights in TSE	18
2.1	The risk-free rate in 2005 to 2009 periods	30
2.2	The market return of Tehran Stock Exchange (TSE)	31
2.3	Analysis of Common Stock Betas	32
4.1	Descriptive Statistics of listed Companies of TSE in the year 2005 (model 1)	88
4.2	Descriptive Statistics of listed Companies of TSE in the year 2006 (model 1)	90
4.3	Descriptive Statistics of listed Companies of TSE in the year 2007 (model 1)	92
4.4	Descriptive Statistics of listed Companies of TSE in the year 2008 (model 1)	94
4.5	Descriptive Statistics of listed Companies of TSE in the year 2009 (model 1)	96
4.6	Descriptive Statistics of listed Companies of TSE in 2005-2009 periods based on model 1	98
4.7	Descriptive Statistics of listed Companies of TSE in 2005-2009 periods in Model 2	100
4.8	MVA of listed Companies of TSE in 2005-2009 periods based on model 3	102
4.9	The number of Positive and negative values of listed Companies of TSE	109
4.10	The value amount of EVA and MVA of listed Companies of TSE	110
4.11	Pearson test and Correlation Co-efficient (R) between EVA with models 1 and 2 and Independent Variables (IVs)	118
4.12	Model Summary of relationship between EVA with model 1 and MVA with model 3	119
4.13	Unstandardized and Standardized Co-efficient and significant relationship between EVA with model 1 and MVA with model 3	120

4.14	Model Summary of relationship between EVA with model 2 and MVA with model 3	120
4.15	Unstandardized and Standardized Co-efficient and significant relationship between EVA with model 2 and MVA with model 3	121
4.16	Model Summary of relationship between EVA and ROA in model 1	122
4.17	Unstandardized and Standardized Co-efficient and significant relationship between EVA and ROA in model 1	122
4.18	Model Summary of relationship between EVA and ROA in model 2	123
4.19	Unstandardized and Standardized Co-efficient and significant relationship between EVA and ROA in model 2	123
4.20	Model Summary of relationship between EVA and ROE in model 1	124
4.21	Unstandardized and Standardized Co-efficient and significant relationship between EVA and ROE in model 1	124
4.22	Model Summary of relationship between EVA and ROE in model 2	125
4.23	Unstandardized and Standardized Co-efficient and significant relationship between EVA and ROE in model 2	125
4.24	Model Summary of the relationship between EVA and ROS in model 1	126
4.25	Unstandardized and Standardized Co-efficients and significant relationship between EVA and ROS in model 1	126
4.26	Model Summary of the relationship between EVA and ROS in model 2	127
4.27	Unstandardized and Standardized Co-efficient and significant relationship between EVA and ROS in model 2	127
4.28	Model Summary of the relationship between EVA and ROI in model 1	128
4.29	Unstandardized and Standardized Co-efficient and significant relationship between EVA and ROI in model 1	129
4.30	Model Summary of the relationship between EVA and ROI in model 2	129
4.31	Unstandardized and Standardized Co-efficient and significant relationship between EVA and ROI with model 2	130
4.32	Model Summary of the relationship between EVA and CR in model 1	130
4.33	Unstandardized and Standardized Co-efficient and significant relationship between EVA and CR in model 1	131

4.34	Model Summary of the relationship between EVA and CR in model 1	131
4.35	Unstandardized and Standardized Co-efficient and significant relationship between EVA and CR in model 2	132
4.36	Model Summary of the relationship between EVA and DR in model 1	133
4.37	Unstandardized and Standardized Co-efficient and significant relationship between EVA and DR in model 1	133
4.38	Model Summary of the relationship between EVA and DR in model 2	134
4.39	Unstandardized and Standardized Co-efficient and significant relationship between EVA and DR in model 2	134
4.40	Model Summary of the relationship between EVA and QR in model 1	135
4.41	Unstandardized and Standardized Co-efficient and significant relationship between EVA and QR in model 1	135
4.42	Model Summary of the relationship between EVA and QR in model 2	136
4.43	Unstandardized and Standardized Co-efficient and significant relationship between EVA and QR in model 2	136
4.44	Model Summary of the relationship between EVA and P/E in model 1	137
4.45	Unstandardized and Standardized Co-efficient and significant relationship between EVA and P/E in model 1	138
4.46	Model Summary of the relationship between EVA and P/E in model 2	138
4.47	Unstandardized and Standardized Co-efficient and significant relationship between EVA and P/E in model 2	139
4.48	Model Summary of the relationship between EVA and EPS in model 1	139
4.49	Unstandardized and Standardized Co-efficient and significant relationship between EVA and EPS in model 1	140
4.50	Model Summary of the relationship between EVA and EPS in model 2	140
4.51	Unstandardized and Standardized Co-efficient and significant relationship between EVA and EPS in model 2	141
4.52	Model Summary of the relationship between EVA and DPS in model 1	142
4.53	Unstandardized and Standardized Co-efficient and significant relationship between EVA and DPS	142
4.54	Model Summary of the relationship between EVA and DPS in model 2	143
4.55	Unstandardized and Standardized Co-efficient and significant relationship between EVA and DPS in model 2	143

4.56	Model Summary of the relationship between EVA and P in model 1	144
4.57	Unstandardized and Standardized Co-efficient and significant relationship between EVA and P in model 1	144
4.58	Model Summary of the relationship between EVA and P in model 2	145
4.59	Unstandardized and Standardized Co-efficient and significant relationship between EVA and P in model 1	145
4.60	Model Summary of the relationship between EVA and NOPAT in model 1	146
4.61	Unstandardized and Standardized Co-efficient and significant relationship between EVA and NOPAT in model 1	147
4.62	Model Summary of the relationship between EVA and NOPAT in model 1	147
4.63	Unstandardized and Standardized Co-efficient and significant relationship between EVA el and NOPAT in model 2	148
4.64	Model Summary of the relationship between EVA and IVs in model 1	148
4.65	Unstandardized and Standardized Co-efficient and significant relationship between EVA and Ivs in model 1	149
4.66	Model Summary of the relationship between EVA and Ivs in model 2	150
4.67	Unstandardized and Standardized Co-efficient and significant relationship between EVA and Ivs in model 2	151
4.68	The results of summary of inferential analysis with models 1 and 2	152
