ACKNOWLEDGEMENT

I acknowledge my deep sense of gratitude to Dr. D.N. Misra, D.Sc (University of Paris), Joint Educational Adviser, Ministry of Education, Government of India, New Delhi for his affectionate guidance and constant encouragement without which the completion of this research work would have been impossible.

I express my heartfelt thanks to Prof. S.P. Franklin (U.S.A.) and Prof. S.A. Naipally (Canada) for their helpful discussions and suggestions.

I am grateful to the organizers of the Topological Conference held at New Delhi in 1973 and the Symposium on General Topology held at Vasanasi on the occasion of the 68th Indian Science Congress 1981 for inviting me to present my research papers. Besides, it gave me the opportunity to have general talks with eminent Topologists of the country.

I am also grateful to my colleagues and teachers of the Department, especially to Dr. K.K. Dube, Assistant Professor for his several useful suggestions and discussions. I am much indebted to my friends Avadhesh Narayan Misra, Anand Kushwaha and Arun Kumar Saxena for their moral support. I am thankful to the present Head of the Department, Dr. Sharma for encouragement provided by him during the period of my research.

My thanks are due to the Librarians and staff of the Libraries of I.I.T., Delhi, Banaras Hindu University, University of Allahabad and Delhi University for their courtesy and help.
I have great pleasure in thanking University of Saugar for awarding me the University Grants Commission's research fellowship from 1976 to 1980.

My thanks are also due to Sarvashri S.P. Chopra T.C. Sharma for their difficult task of typing.

Finally, I would like to dedicate my thesis to my late father Shri Shiwas Singh who had initiated me into research but unfortunately could not see the completion of my work.

V.P. Singh
