Acknowledgement

Firstly, I bow my head humbly before the almighty God for making me capable of completing my Ph.D. thesis; with his blessings only I have accomplished this task.

I am indebted to many people who helped me through this journey of Ph.D. studies. Foremost, I am grateful to my adored research mentor Dr. Vikas V. Gite for his constant encouragement and unending enthusiasm to explore new fields apart from chemistry. It is my pleasure that sir presented me the opportunity to work in an interdisciplinary program that allowed me to interact with researchers from diverse fields such as polymer chemistry, industrial chemistry, pesticides and agrochemicals. He provided me abundant guidance and support and always believed in me and encouraged me to do my best. It was a great pleasure and privilege to study under his mentorship.

I am equally thankful to Prof. S. U. Meshram, Hon’ble Vice-Chancellor, Prin. Dr. K. B. Patil former Vice-Chancellor, Prof. A. M. Mahajan (Registrar) and Prof. D. G. Hundiwale, (Director, B.C.U.D) North Maharashtra University, Jalgaon for giving opportunity to work at the university department.

I owe a great deal of gratitude to Prof. P. P. Mahulikar, Director, School of Chemical Sciences, North Maharashtra University, Jalgaon for his significant support towards helping me to reach my targeted goals.

I express my deep sense of gratitude, indebtedness and sincere thanks to Prof. S. L. Patil, Prof. (Mrs.) J. S. Meshram, Prof. D. H. More, Prof. (Mrs.) R. S. Bendre, Prof. A. U. Borse, Dr. D. S. Dalal, Dr. K. K. Sharma, Mr. A. M. Patil, Dr. Anil S. Kuwar, Dr. U. D. Patil, Mr. Shivaji N. Tayade, Mr. K. C. Tayade and Mr. G. R. Gupta for their valuable guidance and encouragement. I would like to thank my graduate and post graduate teachers who inspired me to dream and work towards making my dreams come true.

I place on record my sincere thanks to Prof. K. S. Kodam, Department of Chemistry, University of Pune, Pune, Prof. K. J. Patil, visiting faculty, School of Chemical Sciences, N.M.U., Jalgaon, Prof. P. P. Wadgaonkar, Scientists, National Chemical Laboratory, Pune, and Prof L. J. Paliwal, Head, Department of Chemistry, R.T.M. Nagpur University for their assistance and suggestions which helped me to finish this work effectively.

Hence, the successful completion of my work was possible only due to the help and supports of the non-teaching staff of the department. I am also thankful to departmental non-teaching staff specially Dr. N. B. Patil, Mr. A. A. Shimpi, Mr. P. K. Patil, Mr. L. K. Tadavi, Mr. A. Y. Arak, Mr. Bhalerao, Mr. Dhangar, Mr. Kailas Sonawane, Mr. Deepak Ahire, Miss. Udhage, Mrs. Shinde, Mr. Rahul Badgujar, Sharad Patil, Mr. Shashikant Patil for providing me the requirement in laboratory during the research work and library authority who help us time to time.

I appreciate the generous support from the funding agencies, Department of Science and Technology (DST), New Delhi, grant under INSPIRE FELLOW and University Grants Commission, Research Fellowship in Sciences for Meritorious Student, (RFSMS). Additionally, I acknowledge the DST for the international travel grant support.

I thank to Indian Institute of Technology (IIT), Mumbai, Shivaji University, Kolhapur, Diya Labs, Mumbai, Kishore Polyurethanes, Nashik, United Phosphorus Limited, Ankleshwar & Thane, Rallies India Limited, Mumbai and Indofil Chemicals Limited, Thane for materials and characterization support.

At personal level, my family and friends inspired and supported me throughout my endeavors to pursue higher studies. My special thanks go to my mother Kusum (Aai) and my father Shri. Kishore K. Hedaoo (Papa) for their love and their great contribution in my education. They are always ready to face any kind of pain, adjustment just for my carrier. I know till date, I could not give anything to them and just borrowed all the times. Thanks word is very less to express my graduated for their efforts.

I am indebted to my parents, brother Mayur, my wife Romila and other family members for considering my dreams as theirs and providing me the strength and enthusiasm to reach my goals.

I am grateful to my senior friends, Vikas Oltikar, Dr. Chetan Patil, Dr. Shailendra Bharambe, Dr. Yogesh Pawar, Dr. Pramod Nagle, Dr. Shyam Bhosale, Dr. Santosh Nalage, Dr. Ajay Nikum, Dr. Kamlesh Desale who provided me support and cooperation whenever needed.
The pleasant and co-operative atmosphere extended by my lab mates and senior colleagues throughout the stay is highly appreciated. My special thanks go to Dr. Niranjan Yeole, Dr. Rajendra Jadhav, Abdul Ahad, Dipak Patil, Mahesh Patil and Dipesh Mahajan whose guidance is incredible for every step of my Ph. D. tenure. Their insights into the project helped me to view the forest instead of individual trees.

I extend my thanks to Ganesh Lonkar, Mahesh Borane and Sujay Mahajan from our neighboring departments for dedicated help they provided during characterizations. Also, I would like to thank to my friend Mrs. Poornima in Kerala with whose company the unforgettable and successful journey of overseas Spain was accomplished.

Heartily thanks to my school friend Shrikant Aherkar, Preeti Ukey, Pragati Shrivastav and college, university friends Prashant Bawankule, Ulhas Sananse, Raju Gawande, Ganesh Dhanrale, Harshal Sonar, Priya Gujarathi and Sanket W. for their friendship and forever caring support. My special thanks to Balu Bhau.

At last, with a feeling of profound pleasure, I thank everybody associated with me directly or indirectly for successful accomplishment of Ph. D. work.

“The path to the success is just like four lane high way, where Talent, Hard Work, Luck and Decision constitutes individual lane. Blending of single with other at right time, on the judgment of self potential will reach towards the worthy goal”.
