ACKNOWLEDGEMENT

It is my prime duty to express my gratefulness to the Almighty for His blessings. Without his divine grace and blessings, nothing would have been possible.

I feel pride to express my sincere thanks and deep sense of indebtedness to my research supervisor Dr. K. Selvakumar, Associate Professor, Department of Computer Science and Engineering, Annamalai University, Annamalainagar for suggesting this topic and for his valuable guidance, many fruitful discussion and constructive encouragement throughout the study and preparation of this thesis.

I humbly place my sincere thanks to Dr. V. Ramalingam, Professor and Head, Department of Computer Science and Engineering, for permitting me to successfully carry out this research investigation.

I would like to thank my parents and friends who have encouraged me in doing this research work sucessfully.

But for the sterling support of my family, I would not have been able to complete this research work. I am profoundly indebted to my husband Dr. B. Kumaravel and my children K. Mohanarangan and K.Jayasudharsan for letting me occupy, for a spell, my own existential apace away from them.
