ACKNOWLEDGEMENTS

It is pleasure for me to join the entire en-lighted scientist in our laboratory here in CSMCRI. At this moment of accomplishment, first of all I must offer my profoundest gratitude to my thesis advisor, Dr. R. I. Kureshy, whose continuous encouragement and devout dedication to work have throughout been an everlasting source of inspiration and cynosure to me. Her mentorship was paramount in providing a well-rounded experience consistent my long-term career goals. She encouraged me to not only grow as an experimentalist and a chemist but also as an instructor and an independent thinker.

Words prove inadequate when one sets out to thank someone so dedicated to work with vivid incarnation of knowledge and has been continuously inspiring me. Even then I would like to express some special words of thanks to Dr. N. H. Khan and Dr. S. H. R. Abdi whose frequent appreciative comments and sensible guidance has helped me prodigiously to shape up this thesis in a wholesome way.

I owe my most sincere gratitude to Dr. H. C. Bajaj, Discipline Coordinator, DIMC, Dr. P. K. Ghosh, Director, Central Salt and Marine Chemicals Research Institute, and Prof. N. C. Desai, Head of the department of chemistry, Maharaja Krishnakumarsinhji Bhavnagar University, who have always been encouraging like a beacon with their kind words and deeds.

I wish to express my cordial appreciation to my senior lab mate and also my roommate Dr. Arghya Sadhukhan for being a friend, philosopher and guide to me. I am truly indebted to you for all your help and moral supports. I am falling short of words to express your contributions in my life.

I am indebted to my seniors (Drs.) Santosh Agrawal, Vishal Mayani, K. Jeya Prathap and Nirali Pandya for their valuable help and suggestions throughout this course.

I am thankful to Dr. R. S. Shukla, Dr. S. D. Bhatt, Dr. R. S. Somani, Dr. H. Modi, Dr. B. Tyagi, Dr. A. B. Panda, Dr. Subhas Ghosh, Dr. Satabdi Porel
Mukherjee, Dr. R. J. Tayade, Dr. S. Kannan, Dr. S. H. Zaidi, Dr. S. Subramaniam, Dr. E. Suresh and Dr. B. Ganguly for devoting their precious time and many valuable suggestion which indeed helped me during this research work.

I am very much duty bound to thank Dr. V. P. Boricha, Mr. Batuk, Mr. Arun Das, Mr Shobit Singh, Mr Vinod Agarwal and Dr P. Paul, Discipline Coordinator, and all the members of Analytical Science Discipline, who have been kind enough to analyse my samples during this PhD work without which I could not proceed to accomplish this task.

I will be falling in my duty if I do not acknowledge the most spontaneous help offered to me by Mr. A. H. Lakhani, Mr. B. M. Parmar, Mr. P. G. M. Pillai, Jayanti Bhai, Promod Makwana, Dipak Makwana, Tusharbhai (glass blower) and Mr. R. Kashyap.

I wish to acknowledge my lab mates Dr. Minaxi S. Maru, Arpan K. Shah, Manish Kumar, Nabin Maity, S. Saravanan, Prashanta Bera, Anjan Das, Debasis Ghosh, Venkatasubbarao Ganga, Pratibha Kumari, Manoj Chaudhary, Ajay Jakhar, Sailes Verma, Naveen Gupta, Mohd. Naazish, Sekhar Nandi, Raj Tak, A. Ansari for their moral supports and for being true friends. I would also like to specially mention Mr. Debashis Ghosh for being such a delightful roommate over the past few years.

Further, I thank to my friends and colleagues for the great time I had in CSMCRI. I enjoyed the atmosphere, their friendship and their support, viz., Debdeep, Jasobanta, Ravi, Kamal, Manoj C.
