### CHAPTER ONE: GEOGRAPHICAL FEATURES AND CONCISE HISTORY OF SRI LANKA

1-9

1.1 An Introduction

1.2 Geographical Features of Sri Lanka

1.3 A Concise History of Sri Lanka

### CHAPTER TWO: MUSIC OF SRI LANKA

10-55

2.1 Music in Ancient Time

2.2 South Indian Influence on Sri Lankan Music

2.3 Folk Music of Sri Lanka

2.4 Music in Folk Dramas of Sri Lanka
   2.4.1 Sokari
   2.4.2 Kolam
   2.4.3 Nadagam

2.5 Musical Instruments of Sri Lanka

2.6 North Indian Influence on Sri Lankan Music
   2.6.1 Music of Nurti drama
   2.6.2 Gramophone Records
   2.6.3 Radio and its Contribution
   2.6.4 Film Music
   2.6.5 The Influence of Rabindra Sangeet

2.7 Western Influence on Sri Lankan Music
2.7.1 Portuguese Missionary Services in Sri Lanka
2.7.2 Popular Music of Portuguese in Sri Lanka
2.7.3 Dutch and British Missionary Services in Sri Lanka
2.7.4 Secular Music of the British in Sri Lanka
2.7.5 The Group Song Era
2.7.6 Western Music Education in Sri Lanka
2.7.7 Copying Western Tunes
2.7.8 Extended Music Compositions

2.8 Musical cultures of other Nations

CHAPTER THREE: HISTORY OF THE SOUND RECORDING TECHNOLOGY

3.1 Meaning of Recording
3.2 Mechanical Sound Recording
3.3 Electrical Sound Recording
3.4 Types of Recording
  3.4.1 Live Recordings (Pre-Production)
  3.4.2 Track Recording (Post-production)
  3.4.3 Programming
3.5 Sound Recording studio
3.6 Early Attempts to Record Sounds
3.7 History of Mechanical Sound Recording
  3.7.1 Phonautograph by Leon Scott.
  3.7.2 Graphophone by Alexander Graham Bell
  3.7.3 Phonograph by Thomas Edison
  3.7.4 Gramophone by Emile Berliner
3.8 Early Recordings Procedures
3.9 History of Magnetic Sound Recording
  3.9.1 Magnetic Recording
  3.9.2 Technique of Splicing or Editing a Magnetic Tape.
3.10 Multi-track Recording
3.11 Digital Recording
3.12 Computer-Based Recording
3.13 The Technological Background of Recording Sounds for Films.

3.13.1 Mechanical Sound Recording
3.13.2 Photographic Sound Recording
3.13.3 Magnetic Sound Recording

CHAPTER FOUR: TECHNOLOGICAL ADVANCEMENT IN MUSIC RECORDING

4.1 Advancement in Analog Recording Technology
   4.1.1 The Age of Mechanical Sound Recording
   4.1.2 Electronic Recording with Microphones and Amplifiers
   4.1.3 Electronic Recording of Music and its Outcomes
   4.1.4 Invention of the Recording Console

4.2 Magnetic Sound Recording
   4.2.1 Early Tape Track Counts
   4.2.2 Adding Artificial Effects to Recorded Signal
      4.2.2.1 Tape Echoes
      4.2.2.2 Tape Reverberation
      4.2.2.3 Tape Delay
      4.2.2.4 Tape Loops
   4.2.3 Invention of the Stereophonic Recording
   4.2.4 Multi-track Recording

4.3 Music Composing Techniques
   4.3.1 Musique Concertre
   4.3.2 Electronic Music
   4.3.3 Music Collages

4.4 Limitations

4.5 Advancement in Digital sound Recording Technology
   4.5.1 Early Mediums of Digital Recording
   4.5.2 Modern Developments
      4.5.2.1 Digital Audio Workstations (DAWs)
      4.5.2.2 Soft Ware Plug-ins
      4.5.2.3 MIDI Technology
      4.5.2.4 Sampling Technology (Samplers)
      4.5.2.5 Generative Music Systems
      4.5.2.6 File Saving Formats
      4.5.2.7 Development of ‘Home Recording’ Studios

4.6 Development of other Related Technologies
   4.6.1 Developed Genres of Music

4.7 Internet: As an Advanced Tool of the field of Digital Recording and Distributing Music
CHAPTER FIVE: HISTORY OF MUSIC RECORDING IN SRI LANKA 137-159

5.1 Mechanical recording - Recordings in Gramophone Era

5.2 Magnetic Sound Recording in Gramophone Era
   5.2.1 Microgroove Disc Recording
   5.2.2 Recordings of Ceylon Broadcasting Corporation
   5.2.3 Multi-track Recording in Cassette Era

5.3 Digital Sound Recording
   5.3.1 Digital Recording on Tapes
   5.3.2 Recording on Hard Disks
   5.3.3 Computer Based Music Recording

CHAPTER SIX: MUSIC IN SRI LANKAN SOCIETY 160-193

6.1 Influence of recorded music on the Music culture and listening practices amongst Sri Lankan Society

6.2 Application of Recorded Music in various contexts in Sri Lanka.

6.3 Different views on Analog and Digital Formats

CHAPTER SEVEN: THE IMPACT OF RECORDING TECHNIQUES ON THE GROWTH OF MUSIC IN SRI LANKA 194-246

7.1 Technological Impact on Sri Lankan Music Genres

7.2 North Indian Singing Styles

7.3 Gramophone Songs and Film Songs

7.4 Impact on Sri Lankan Musicians

7.5 Advantages of Magnetic and Multi-track Recordings

7.6 Development of Computerized Music, Digital Audio Workstations and other Contemporary trends

7.7 Private Recording Set-up

7.8 General Failures in the Use of Technology in Contemporary Compositions

7.9 The Impact of Digital Technology on Musical Performances

7.10 The Impact of recording techniques on Sri Lankan Folk Music
7.11 Technological Influence on Extended Music Compositions

7.12 The Emergence of “Re-mixing” and “Re-making”
7.12.1 Re-make versions

7.13 Influence of Recording Technology on Musicians

CONCLUSION 247-254

BIBLIOGRAPHY 255-271
