</table>
2.11 Genotype distributions of SNPs of *DYX1C1* among children with Developmental Dyslexia and Controls

2.12 Two-by-two haplotype analysis of SNPs of *DYX1C1* among children with Developmental Dyslexia and Controls

2.13 Summary of the reported association studies on genotyped SNPs of *KIAA0319*

2.14 Hardy Weinberg Equilibrium test and power analysis of SNP markers of *KIAA0319*

2.15 Sequences and molecular weight of Unextended (UEP) and Extended (E1/E2) *KIAA0319* SNP specific primers used for massARRAY analysis.

2.16 Allelic distributions of SNPs of *KIAA0319* among children with Developmental Dyslexia and Controls

2.17 Genotype distributions of SNPs of *KIAA0319* among children with Developmental Dyslexia and Controls

2.18 Comparison of genotype frequencies of *KIAA0319* SNPs between children with Developmental Dyslexia and controls by dominant, recessive and additive models

2.19 Haplotype analysis of SNPs of *KIAA0319* among children with Developmental Dyslexia and Controls

2.20 Hardy Weinberg Equilibrium test and power analysis of SNP markers of *DCDC2*

2.21 Sequences and molecular weight of Unextended (UEP) and Extended (E1/E2) *DCDC2* SNP specific primers used for massARRAY analysis.
