Acknowledgements

I would like to express my profound gratitude and sincere appreciation to my Research Supervisor, Dr. Shobha Jagannath, Professor, Department of Studies in Botany, for her constant guidance, encouragement, constructive comments, suggestions and sparing her valuable time to improve this Thesis. Without her kindness and painstaking involvement, this work would not have been possible. Her keen inspiration and interest lead me to finish my research work in a better manner.

I am grateful to the former Chairman, Prof. K. A. Raveesha and also the present Chairman, Prof. G. R. Janardhana, Department of Studies in Botany, University of Mysore, for their constant encouragement and for providing facilities to work in the Department.

I wish to express my thanks to the former Chairman, Board of Studies in Botany, University of Mysore, Prof. T. C. Shivashankara Murthy, Vice Chancellor of Mangalore University, Mangalore and present Chairman, Board of Studies in Botany, University of Mysore, Prof. K. A. Raveesha, for their valuable suggestions and providing the research facilities to work in the Department.

I would like to express my sincere thanks to Prof. Sudarshana, M. S., Prof. Leelavathi, S., Dr. Sharada, M. S., Sri Jayaramaiah, K. M., Dr. Amruthesh, K. N., Dr. Rajkumar, H. G. and Dr. Nalini, M. S. for their kind support during the course of my research.

I would like to express my sincere gratitude and appreciation to Dr. N. Rajashekar, Post Doctoral Fellow, for his praiseworthy suggestion and invaluable moral support which helped me in solving problems during the research investigation. His esteem demeanor and endearing concern always encouraged me throughout the course of research investigation. I also thank Dr. Praksha, Post Doctoral Fellow for helping me directly or indirectly during the course of my research.
I am grateful to Dr. Farhan Zameer, Assistant Professor, Department of Biotechnology, Microbiology and Biochemistry, PBMM PG centre, Mysore and Mrs. Vidya Laxmi, K., J.S.S. Medical College, Mysore, for being very considerate to me and extending their support during the course.

I also extend my cordial thanks to all my family members, especially to my beloved parents Sri Nanjunda Swamy, K. and Smt. Savithri, N. S. and my brother Srikanta, N. S. for their patience and constant encouragement during the whole course of my Ph.D. studies. I attribute my success to their concern and love, without which the task would not have been completed. I am deeply indebted to my husband Mr. Vivek, D. and his family members for providing encouragement and support for completion of my research work. I am also grateful to Chamaraju, K. M.A. M.Phil. Principal, Government First Grade College, Gundlupet for support and suggestions rendered by him throughout the research work.

I would like to thank my research colleagues Dr. Manijeh Hoseiny Rad, Mrs. Varsha Ullas Rao, Asha, D. R., Mrs. Parvathi, G. R. and Hemanth Kumar, N. K. and all the other research scholars of Department of Studies in Botany for their multifaceted support. I am also grateful to all the non-teaching staff of Department of Studies in Botany. I also thank Ms. Kamala Kumari, H. P. and Ms. Lakshmi, P. for their constant support directly or indirectly which made my task easier.

I am duty bound to acknowledge the UGC-Research Fellowship in Sciences for Meritorious Students and University of Mysore, for providing financial assistance to carry out my investigations in the Department. Finally, I thank all those who have been of help to me directly or indirectly during the investigation as well as in the preparation of my thesis.

Nethra, N. S.
