Acknowledgments

This research activity has been a cherished dream for me and I am very happy that I have been able to come to this stage by God’s blessing and with the help of well wishers, friends and members of my family.

I wish to express my deep sense of gratitude and indebtedness to my guide Dr.S.S.Parthasarathy, Professor, Dept. of Electrical and Electronics Engg, PES College of Engineering, Mandya for his continued support and valuable guidance during all these years of work.

I wish to express my deep gratitude to Sri.M.Sreepadha Rao, Hon. Secretary, NIE Institute of Technology, Mysore for his constant support and by providing facilities during the course of study. I am very grateful to Sri.Sampath Iyengar, President, NIE Institute of Technology, Mysore for his constant blessings to complete my research. I wish to express my thanks to all the Directors of NIE Institute of Technology, Mysore for their invaluable help during the research period.

My sincere gratitude to Prof. K. Parthasarathy, Prof. of IISC (Retd), Bangalore and presently working as Technical Advisor of PRDC, Bangalore who inspired me to take up this research.

My heartfelt thanks to Dr.A.S.Gopala Rao, Professor Emeritus, Fellow, Dept. of Electrical and Electronics Engg., National Institute of Engineering, Mysore, for his continuous cooperation throughout the work. I truly do not have enough words to thank him for all his dedicated work throughout the thesis.

I am grateful to Dr.T.Ananthapadmanabha, Professor, Department of Electrical and Electronics Engg, Controller of Examinations, National Institute of Engineering, Mysore, for his constructive suggestions and continuous encouragement during this research work.

My heartfelt gratitude to Dr. A.D.Kulkarni, Professor, Department of Electrical and Electronics Engg, National Institute of Engineering, Mysore, for his continued inspiration and encouragement at every stage of this research work.

I wish to express my appreciation to my Doctoral Committee:Dr. H.S.Sheshadri, Dean, PET Research Foundation, Dr. K.N. Mururidhara, Dr. P.S. Puttaswamy and Dr. K.A Radhakrishna Rao for their valuable contributions, help and suggestions for this research.
I wish to express my gratefulness to Dr. V. Sreedhar, Principal and Director of PET Research Foundation, Mandya for his continuous co-operation throughout the research work.

My Sincere thanks to Mr. Atheebullah Khan, Executive Engineer, KPTCL, Kolar for his co-operation by providing data to carry out this research work.

My Special thanks to my husband Sri. G. V. Surendra for always caring and supporting me throughout my research period. I have no words to express my heartfelt gratitude to my parents, mother in law, my children G.S. Akhilesh and G.S. Achala and my sisters. They deserve special mention for their tolerance and encouragement throughout the period of this research.

Many thanks to my colleagues in the Electrical and Electronics Dept., NIEIT, for their friendship and support during all the struggles that came with this research. I particularly thank Sri. Sreekantan. B.S., Smt. Archana. N.V. and Smt. Nagalakshmi. R.S. My friendly thanks to all technical staff of E&E Dept., and other Staff members of NIEIT, Mysore, for their co-operation throughout my research.

There are many more people who have directly or indirectly helped me in completing this task. I would like to express my heartfelt thanks to each one of them.
