ACKNOWLEDGEMENTS

This is perhaps the easiest and hardest chapter that I have to write. It will be simple to name all those who helped me during this work, but it will be tough to thank them enough.

First and foremost, I have no words to express my inner feelings towards worthy guide Dr. (Mrs.) Ranjan Gupta, Assistant Professor, Department of Biochemistry, Kurukshetra University, Kurukshetra. Her valuable guidance, deep interest, constructive and healthy criticism, has helped me to complete this work. I will forever remember her constant moral support, encouragement and understanding nature that has been my greatest source of strength throughout my doctoral work. I owe her a lot for her kindness.

Truly admitting, I express my sincere gratitude to my esteemed and worthy guide my Co-supervisor, Dr.K.P.S.Kushwaha, (Retd. Deputy Director, Serology) from Forensic Science Laboratory Madhuban, Karnal Haryana. Now, he is working as Consultant in Biology Division in L.N.J.N. National Institute of Criminology and Forensic Science, Ministry of Home Affairs, (Government of India) Sector – 3, Outer Ring Road, Rohini, Delhi-110085, for his expert guidance, creative suggestions, and intelligent discussion and above all his friendly behaviour which he has been kind enough to bestow upon me during the course of present work. I express my profound gratitude to him, for his everlasting inspiration and ceaseless help during entire course of his investigation.

I am thankful to Prof. Grish Chopra for his kind interest and cooperation in successful completion of my doctoral program.

I am also grateful to Prof. N. N. Dogra Chairman, department of Biochemistry for his cooperation and tremendous support.

I express my sincere thanks to Prof. V. K. Gupta for his advice, guidance, constructive criticism and encouragement.
I am extremely thankful to Dr. Anita Dua & Dr. Ashwani Mittal, Assistant Professor, University College, Kurukshetra University, Kurukshetra for his guidance and invaluable help during the time of need.

My most sincere and special thanks would go to my friends Shalni, Ashwani Sanghi, Kalika Kuhar, Devender Kumar, Sushil Nagar, Lalit Kumar, Kanika, Anuradha Mittal, Simranjot

I express my special thanks to non teaching staff of the Department of Biochemistry for their full co-operation during research.

I would be failing in my duty if I do not express my gratitude to my parents and parents of my wife Leena Pawar for their encouragement and moral support through the study.

Financial assistant provided by Kurukshetra University, Kurukshetra and University Grant Commission in the form of University Research Scholarship and Junior Research fellowship/ Senior Research Fellowship under the Rajiv Gandhi National Fellowship respectively.

Finally, I take this opportunity to take one and all that have directly or indirectly helped me in completing this task.

I record my gratitude to the parents/ legal guardian and to the subjects also for their kind co-operation in the collection of blood samples for this work.

My wife, Leena Pawar has always been a constant support. Her quite patience and steady action has always been my strength in completing my research and completing of thesis. She has instituted in me the strength to be firm and pursue my aims with determination.
