ACKNOWLEDGEMENTS

First, I want to thank my family, especially my parents, for allowing me the possibility of a great education. Although dad is not longer present, I could assure how happy and proud he would have felt to share this moment with me. My parents’ dedication and encouragement are invaluable and without their support, I would not be writing this note. I also thank my brother and Jijaji for their caring over the years. I want to reiterate my love and gratitude to Bijal, without her patience, and unconditional help it would have been very difficult to reach this goal.

I shall be grateful forever to her for this “our” achievement. Very special thanks go to my guide and guru, Professor A. K. Saxena, for his determination, patience, and encouragement even through disappointing times, his knowledge and teaching passion were crucial in my progress as a scientist and I am grateful for the opportunity to work with a great person like him. I thank my co-guide Dr. H. H. Siddiqui for accepting to chair me in Integral University and for all his help in many educational aspects. I also want to thank RDC committee members, Dept. of Pharmacy, Integral University, for guiding and supporting me in completion of doctoral program as per UGC norms and for their important suggestions while completing my thesis. I also want to acknowledge my lab members, Dr. Swati Gupta, Dr. Anshuman Dixit, Dr. Kuldeep K. Roy, Dr. Shailendra Chaudhary and Dr. Supriya Singh, for taking the time to meet with me on several occasions, for their guidance and insightful feedback. I also thanks Imran, Sungandha, Kanika, Amit, Shome and Azad. I want to convey my sincere thanks to Dr. Neibedya Chattopadhyay, who is always there for helping me whenever I need his help in biological screening of my compounds and had trusted my potential. I also want to recognize Dr. S. B. Bari, my first medicinal chemistry teacher in Shirpur (M.S.) and Dr. Ajit Kulkarni whose enthusiasm and dedication influenced my interest in this field. I express my sincere thanks to Dr. T. K. Chakraborty, Director, CSIR-CDRI, Lucknow, for providing competent laboratory facilities and infrastructures to carry out the work successfully. I want to thank Drs. B. Kundu, R.P. Tripathi, S.N. Suryavanshi, S. Batra from MPC Division CDRI and Drs. Anil N. gaikwad, A.K. srivastava, B.N. Singh, Rituraj Konwar, R. K. tripathi, Gitika Bhatiya, Gopal Gupta, Ritu Trivedi, S.K Puri, J. K. Saxena, Neena Goyal, D. P Mishra, J.K. Saxena, Rabi Bhatta, Ashok Shakya for their healthy collaborations with me for biological screening of my compounds. I also thanks Mr. A. S. Khushwaha and Mr. Dayanand Vishwakarma for
their support on many occasions right from my tenure as a trainee. I thank all my dear friends from specially Sahej, Shashi, Srinivas, Rajender, Dhanraj, Ramkrishna, Kapil, Sunil, Santosh Avinash, Ajay, Pankaj, biology specially Parvez, Rohit, Jawed, Ravi, Neha, Vishal, Vikas, Salil, Muheeb, Kripa, Pawan, Vikram, Priyanka, Reshu, Manish Jain, Amrita Mam, Utsab Debnath, Khursheed Ahmed, Subhash, Hassan that I met and worked with over the years. Although in many occasions there was frustration and the research seemed to be unbearable, all were there to help each other and make this process more amenable. I was very fortunate to be assisted by team mates and I am indebted to them in many aspects, especially lessons and critical insight that helped me to maintain my courage during the first steps of my doctoral time. I thank Anil sir for his help and mainly for allowing me to share many of their research activities and discussions. I would like to acknowledge the Chemistry Department at CDRI Lucknow for providing the facilities to conduct my research. I appreciate Dr. Harsh Guniyal and Vinod Sir help with invaluable suggestions in NMR and Vikas, Shikha for mass spectra analysis. I also acknowledge my colleagues from Integral University Kuldeep Saini, Mehnaz Mam, Punam Mam, Arun Sir, Rashid Sir, Talha Jawed Sir for their support during my tenure in Integral University.
