ACKNOWLEDGEMENT

All praise and thanks are due to God, and peace and blessings be upon his Messenger. We implore God Almighty to help us serve His cause and render our work for His Sake. The completion of a thesis not only brings an appreciated respite from many years of demanding effort, but it also provides a welcome opportunity to acknowledge to those who helped along the way.

It gives me immense pleasure to express indebtedness, deep sense of my heartfelt gratitude and heartiest thanks to my guide Prof. Nilima Bhagabati, Department of Education, Gauhati University, Guwahati for her valuable suggestions and gracious co-operation extended throughout the course of the study. Without her able supervision, the work might not have been given the present shape.

I am also very much grateful to Dr. Gayatree Goswamee, Professor and Head of the Department of Education, Gauhati University and to all my teachers of the Department of Education, Gauhati University for the help and co-operation offered to me during the period of my Ph. D work.

I also offer my heartful gratitude to Dr. Jogesh Kakoti, Principal, Rangia College and my colleagues for their encouragement and help.

I also offer my sincere thanks to all Principals, Head Masters/Mistress and the students of both Lakhimpur and Jorhat districts for their kind co-operation extended to me in collecting necessary information and data timely.

I am also thankful to the people of libraries, information centres which I have visited, for their co-operation and cheerful assistance.

I would like to thank Dr. Ramesh Chandra Kalita, Principal, Dakshin Kamrup College for his encouragement and help.
The person to whom I remain the most indebted and who had been a constant source of inspiration for me happens to be my father the late Prasanna Kalita who is unfortunately no more in the land of the living. Again, my sincere thanks to my mother, uncle, sisters, brother, brother in laws and Chumi for their constant inspiration, encouragement, co-operation, help and guidance at every step of my research work.

I wish to express my gratitude to Indira baideu, Bhabani baideu, Manash sir, Debajit sir, Gargee madam, Mallika ba, Bidyot da, Rakesh, Biswajit, Nipan, Dulan, Samarendra, Kankan, Jaan da, Rajib Kamal and Kishor for their all time support, encouragement and co-operation.

Through this column I also wish to extend my sincere gratitude to all the institutions and persons who have helped me directly or indirectly in completion of the thesis.
