Acknowledgement

At this moment of accomplishment, first of all I would like to offer my humble gratitude to Almighty Lord and to my parents for their copious and graceful blessings to carry out the research work efficiently and for giving the strength to face and overcome the entire hurdles encountered during the study and enable me to complete the study successfully.

This work would not have been possible without the guidance, support and encouragement of my guide Dr. Dulumoni Goswami, Assistant Professor, Department of Education, Gauhati University, a person with an amicable and positive disposition. Sir has always made himself available to clarify my doubts in spite of his busy schedules and I believe it as a great opportunity to do my doctoral programme under his guidance and to learn from his research expertise.

I gratefully acknowledge Professor Gayatree Goswamee madam, HOD, Department of Education, Gauhati University, for her understanding, encouragement and personal attention which have provided good and smooth basis during my Ph.D. tenure. I would also like to express my deepest gratitude to all the teachers of Department of Education, Gauhati University for their valuable advice, constructive criticism and extensive discussions around my work.

I am very much indebted to Dr. Sarat Borkataki, Principal of Nowgong College, for his support, encouragement and the facilities provided to carry out the research work. I would also like to offer my humble gratitude to Dr. Samiruddin Ahmed, HOD, Department of Education, Nowgong College, for his unconditional support and care. I
am also very grateful to all my colleagues of Nowgong College for their constant encouragement and motivation.

Words fail me to express my appreciation to Bidyut Das, Assistant Professor, Department of Statistics, Nowgong College for sparing his valuable time whenever I face any problem in statistical analysis. I gained a lot from him through his personal and scholarly interactions, his suggestions at various points of my research programme.

I owe everything to my parents, my elder brothers Musfiqur and Mizanur, my sisters in law, who encouraged and helped me at every stage of my personal and academic life, and longed to see this achievement come true.

I would also like to extend huge and warm thanks to my friends Anul, Tarali, Rahul da, Debasish da, Khanikar da, Paran, Jayanta, Dipen, Shirumoni, Montu, Benjir, Dibakar and all the boarders of RCC 1 Boys Hall, Gauhati University for their valuable help and support. I am also thankful to all the non-teaching staff of Department of Education, Gauhati University for their instant help whenever needed.

Last but not the least, I am very much grateful to all the Principals and student respondents of the respective colleges where from I have collected the necessary information and data for my research work. I am thankful to them for giving me their valuable time and helping me without any hesitation.

Finally, I thank all the well wishers, dears and nears, who helped me either directly or indirectly in completing this work.
