ACKNOWLEDGEMENT

I express my deepest sense of gratitude to my teacher Prof. Dharani Dhar Dubey for his inspirational guidance and support throughout the research work, which has been carried out under, really, very tough conditions.

I gratefully acknowledge Prof. M. J. Raman and Prof. Rajiva Raman, Cytogenetics Laboratory, Department of Zoology, Banaras Hindu University (BHU), Varanasi; Prof. S. Ganesh, Indian Institute of Technology (IIT), Kanpur and Dr. Kaustuv Sanyal, Jawaharlal Nehru Center for Advance Scientific Research (JNCASR), Bangalore for extending laboratory support and for helping me in various ways without which it would have not been possible for me to finalize this work.

Help provided by the members of Cytogenetics Laboratory, BHU, especially Arindam Chakraborty, Vidisha Tripathi, Manoj Kumar, and Akhtar Ali, Priti Singh, Rachna Nagar, Dr. Satish Shashi Kumar and others, is gratefully acknowledged.

I am thankful to the members of Department of Biotechnology, V.B.S. Purvanchal University, Jaunpur, especially Mukesh Pratap Yadav, Dr. Vivek Pandey, Sridevi, Bansh Narayan, and others research scholars.

Thanks to Dheer Singh for his supports and encouragement.

I am thankful to Council of Scientific and Industrial Research (CSIR), New Delhi, India, for the financial support in the form of Junior and Senior Research Fellowship.

I am greatly thankful to my parents and family for moral support and encouragement.

I feel very much obliged to my wife, Sapna, for her encouraging support and lastly, I appreciate my son Adityansh Singh, for his pleasant smiles to rejuvenate me to work harder.

Aditya Singh Pratihar
