Acknowledgement

I thank Dr. D. K. Thakkar, Proffessor and Head, Department of Mathematics, Saurashtra University, Rajkot for being my friend, philosopher and guide for Ph.D. research work.

I am fortunate enough to have an opportunity to work under the guidance of him for his extended knowledge and encouragement during my research work in spite of his busy schedule. It is due to his kind support and scientific aptitude in the work has been taken the present shape. Without him this study was impossible. I owe to him, not only for his timely and valuable guidance but also for his deep insight and critical outlook with positive attitude. He always guided and supported me to mould this research work a logical and mathematical way.

On this precious occasion, I express my heartily gratitude towards my parents Mr. Chhabilbhai Keshavji Bosamiya and Smt. Jayaben Chhabilbhai Bosamiya for supporting me in every walk of my life. The credit goes to them for my keen interest in Mathematics.

I thank Dr. S. K. Vaidya ,( Reader, Department of Mathematics, Saurashtra University , Rajkot ) for his great support during my research.
I am also grateful for the valuable contribution of Dr. S. Visweswaran (Professor, Department of Mathematics, Saurashtra University, Rajkot) and Dr. S. Ravichandran (Reader, Department of Mathematics, Saurashtra University, Rajkot) at this landmark occasion of my academic career, and also thank to Dr. V. J. Kaneriya (Reader, Department of Mathematics, Saurashtra University, Rajkot) providing me the physical resources whenever I needed.

I am also thankful to Prof. N. T. Chotaliya (H. & H. B. Kotak Institute Of Science -Rajkot) and Prof. G. K. Bhatt (H. & H. B. Kotak Institute Of Science) for their moral support.

I thank all of them who supported me directly and indirectly in my research work.
