ACKNOWLEDGEMENTS

I would like to express my deepest gratitude and a heartfelt thanks to my research supervisor **Dr. P. MADESH**, Professor, DOS in Earth Science, University of Mysore, Manasagangotri, Mysore – 06, for his enthusiastic supervision, advice and careful guidance. I consider myself fortunate indeed to have his as my research guide.

I immensely thank **Prof. A. Balasubramaniyam**, Chairman, BOS in Earth Science, University of Mysore for her kind support and encouragement.

I am highly thankful to **Prof. A. Basavalingu**, chairman, DOS in Earth Science and also deeply thank to the members of my doctoral committee; Prof. Srikantapa C., Prof. Byrappa K., Prof. Basavarajappa H.T and Prof. Govindaiah S. for their valuable suggestions.

My heartfelt thanks to Prof. C. Srikantapa, Scientist, DOS in Earth Science, University of Mysore, for his complete scientific support and advice during the field work and scientific discussion.

I gratefully acknowledge and special tanks to **Prof. K. N. Prakash Narasimha**, DOS in Earth Science, University of Mysore for his scientific suggestions and latest help from the beginning to the end.

I would like to thank the all the faculty members of DOS in Earth Science, University of Mysore, for providing necessary facilities and valuable support in the department.

Finally, I am forever indebted to my husband Mr. Abolfazl Pahlevanlo and all family members for their support, understanding, endless patience and encouragement when it was most required. Further, I thank the Almighty for making this thesis come to a reality.

**NARGES GOUHARI RAD**
