.........Acknowledgements.........

Foremost, let me offer my thank you before the Holy Trinity (Almighty Father, Jesus Christ & Holy Spirit), Mother Mary, St.Joseph, all the Angels & Saints for guiding me through all my failures & success. I thank my Lord, for always being there for me in all that I went through in my journey through a Ph.D.

‘Every encounter is an encounter in God & in God’s sight, either to give or to receive, sometimes, even without knowing it.’, hence, I thank God for everyone, everything & every event that passed by me in my life when enrolled for a Ph.D.

With gratitude I thank ...

......my hard working parents - perfect gifts from my God - (my Daddy, Mr. Poulose Chalissery (Late) and my Mummy, Mrs. Gracy Poulose), for the great purity they treasured in their intentions, for the ample freedom bestowed to choose, for silently listening and being patient to all the events of my Ph.D period, for encouraging to live by adopting ways to please God rather than pleasing the people around, for faithfully supporting with great love-trust-understanding-encouragement-freedom-equality-concern, in all my moral and financial needs more specially during the years I was devoid of any fellowship.

......my great, marvelous and knitted - siblings Vellechi (Mrs. Gimol Francis) & Binu Chettan (Mr. T. A. Francis) with the tiny tots Felix & Glenis, Chippy (Mary Gisby), Pinchu (Prince); friend Anu - all for their best in innocence, understanding, encouragements, naughtiness, and merry making during my entangled Ph. D period.

......my Ph.D guide, Prof. A. Mohandas for accepting me as his Ph.D student, for his concerns about the researcher’s food and shelter, for reminding me to re-search, ‘only crying babies will get its milk’, as well as for his silent vigilance on my delayed progress.

......my Ph.D co-guides, Prof. I. S. Bright Singh & Asst. Prof. Rosamma Philip, for sheltering me at NCAAH (formerly CFDDM) and through whom Almighty provided me an opportunity to move freely through the outer world of the planet of Research. What good will it be for a man if he gains the whole world, yet forfeits his soul? Or what can a man give in exchange for his soul? (Mathew 16:26). He said to them, "You are the ones who justify yourselves in the eyes of men, but God knows your hearts. What is highly valued among men is detestable in God’s sight." (Luke 16:15). The LORD does not look at the things people look at. People look at the outward appearance, but the LORD looks at the heart." (1 Samuel 16:7) — The Bible
