ACKNOWLEDGEMENTS

It is my privilege to express my deep sense of gratitude and thanks to my guide Dr. B. S. Setty, Former Deputy Director and Head, Division of Endocrinology, Central Drug Research Institute, Lucknow for suggesting the research problem and providing constant encouragement, guidance and advice throughout the course of study.

I am also indebted to my co-supervisor, Dr. S. K. Jain, Department of Biochemistry, Jamia Hamdard, for his most valuable discussions and guidance throughout the course of study.

I take the opportunity to express my gratitude to Dr. V. P. Kamboj, Director, Central Drug Research Institute, Lucknow for his interest in the study and for providing the necessary research facilities.

I gratefully acknowledge with thanks Dr. S. R. Chowdhury, Head, Division of Endocrinology for taking keen interest in the study.

My grateful thanks are due to Dr. G. Gupta, Scientist for his most valuable help, advice and moral support throughout the entire study. I am also thankful to Mr. J. P. Maikhuri for his valuable co-operation in these studies.

I am highly grateful to Dr. B. Malaviya and Dr. A. R. Chowdhury, Scientist, Endocrinology Division and Dr. S. C. Maitra, Scientist, EM Unit, CDRI for their guidance and co-operation and I am also thankful to Mrs. Abha Arya, Scientist, EM Unit, Mr. R. L. Gupta, Scientist, Mrs. S. Vaishnavi and Mr. M. C. Tewari for their help in instrumentation.

Further I extend my thanks to Dr. (Mrs.) J. D. Dhar and Dr. (Mrs.) Archana Srivastava, Scientists of our division for their help during the course of study.
I deem it my duty to thank Miss Kanaklata, Mr. P. K. Dasgupta and my friends particularly Meena, Surbhi, Shalini, Subhash, Rajni and Neetu for their co-operation, suggestions and cheerful companionship.

I am grateful to Messers C. P. Yadav, R. G. Pandey and N. Lal for their assistance in these studies.

I am grateful to C.S.I.R for providing financial assistance in the form of Junior and Senior Research Fellowships.

Thanks are due to Dr. M. P. Sharma, Department of Botany, Jamia Hamdard for his invaluable help and also to Mr. Supriya Saxena and Mr. Pushker Raj for their beautiful reprographic presentation of the research work in the form of this thesis.

I wish to express my regards to my Nana Ji and Late Nani Ji and my profound gratitude to my parents and brother for their constant encouragement, affection and moral support. I am also thankful to my husband and in-laws for their constant support without which the present study would have been a distant dream.

MALINI BAJPAL
