ACKNOWLEDGEMENT

I would like to express my deep sense of gratitude towards my supervisor Dr. R. Vijayaraghavan. He is a sympathetic and principle-centered person and having an integral view on research. His mission for providing 'only high-quality work and not less' has made a deep impression on me. This work could not have culminated into its present shape, but his constant support with innovative ideas made this venture come out of the intricacies. I owe him lots of gratitude for having me shown me this way of research. He could not even realize how much I have learned from him. I am proud of his devotion for the work, suggestions, perfect evaluation and encouragement in each step of this research work. I highly obliged to him for providing all the necessary facilities to carry out this work.

I would like to express the admired, profound and sincere thanks to Prof. Mohammed Ali, Department of Pharmacognosy and Phytochemistry, Faculty of Pharmacy, Jamia Hamdard. He is the only person who showed me the way to overcome from hurdles and supported me unconditionally. It would have been impossible for me to complete this work without his help and suggestions. His punctuality and dedication to work has helped many of us to achieve goals and the path to success and last but not the least his blessings as always remains bestowed upon us in further time to come.

I would like to express sincere thanks to Dr. SJS Flora, Head, Division of Pharmacology and Toxicology, DRDE, Gwalior for providing all the necessary facilities to carry out this work. I owe my due respect and gratefully acknowledge the suggestions, help and co-operation rendered by Dr. SC Pant, Dr. Vinay for histopathological studies.

I am deeply indebted to my colleagues Dr. Yangchen Bhutia, Dr. Anshoo Guatam, Mr. Fakhruddin, Mr. Utsav Dev for making my career fruitful by transferring their nascent knowledge and experiences in pharmacology. Sincere thanks are due to Dr. Praveen Kumar, Dr. Suman
...Jain, for their necessary help and suggestions whenever I was in need. I am happy to remember many are with an "ocean of knowledge" and helping hands. I am highly thankful to Mr. BN Acharya, Dr. PVL Rao, Dr. Om Kumar, Ms. Yamini Singh for their help in extraction. I extend my thanks to Mr. Tapan Das for his help in computer work and completion of this work.

I like to give a special thanks to Minna Bhiya, Mr. Rajiv Gupta and their family for rendering me help and a homely environment in Gwalior. I would also like to thank my neighbors Mrs. Khan, Mrs. Ahuja, Mrs. Gangwar, Mrs. Sharda and my friend Dr. Iti Bansal who have taken care of me and my son a lot, it would not possible for me to stay alone at Gwalior without their helping hands. I would like to acknowledge little friends of my son Etika, Sidarth who gave joyful company to him and made him happy when I was busy in this work.

The love and affection extended to my beloved son SETU, he has always sacrificed many things to get this work completed. He cried many times to play with me. He always missed me a lot when I was busy in work. He was not able to complain me for anything which he wants from me. I feel very sorry for him and I love him a lot.

I shall never forget the moments of pleasure, fun, and friendship shared with my friends Madhu, Sohail and with juniors Dipika, Ritin, shahine, Masi Khan and Nazam. They suffused my life with colors, fun and pleasure during my stay in Delhi. They are with me unconditionally during my tough time at Delhi and helped me a lot. Here I would also like to thank staff of Pharmacology department, Jamia Hamdard for their help. I would like to extend my thanks to Mr. Kamran Javed and Mr. Abuzer Ali for their help in HPTLC.

I would like to thank Satish for his help in animal handling and Kartar for taking care of animals. I am also thankful to Mr. Chote Singh for his help.
It is beyond the capacity of all the words to express respect and profound affection for my grand mother. She remained as a source of constant inspiration to me forever. I am thankful to my Nanaji-Naniji, Mosiji-Mosaji and my in-laws for their blessings. I am highly grateful to my Papa and Mummy for encouraging me, supporting me on every corner of my life. I bow down before their love and affection towards me. I shall remember the days of everlasting fun and pleasure I spent together with my Brother (Mr. Nikesh, Mr. Nitin), Bhabhi (Mrs. Neha, Mrs. Richa), and Sister (Mrs. Neeta). The love and affection extended by my husband, Dr. Sanyog Jain, is invaluable and words cannot define its extent. Special thanks go to Prashi, Purva, Nishu and Katen for infusing fun and pleasure in my life. Finally, I am thankful to one and all, those were involved directly or indirectly in this venture of mine.

I pray the Almighty for a Heavenly Adobe for all the animals that were part of this study for a noble cause of Mankind.
