INDEX

Chapter 1

Introduction

1.1 Traditional Finance

1.2 Important Traditional Finance theories
   1.2.1 Risk Return Trade off
   1.2.2 Diversification
   1.2.3 Rupee Cost Averaging
   1.2.4 Asset Allocation
   1.2.5 Random Walk Theory
   1.2.6 Efficient Market Hypothesis
      1.2.6.1 Weak form of efficiency
      1.2.6.2 Semi-strong form of efficiency
      1.2.6.3 Strong form of efficiency
      1.2.6.4 The Semi-strong form of efficiency and application
      1.2.6.5 The strong form of efficiency and insider trading

1.2.7 CAPAM

1.3 Behavioral Finance
   1.3.1 Introduction
   1.3.2 History
      1.3.2.1 Important Contributors
   1.3.3 Key Concepts and anomalies of Behavioral Finance
      1.3.3.1 Cognitive Dissonance Theory
      1.3.3.2 Heuristic
      1.3.3.3 Anchoring
      1.3.3.4 Expected Utility theory
      1.3.3.5 Prospect Theory.
      1.3.3.5.1 Financial Relevance of Prospect Theory
   1.3.6 Mental Accounting
   1.3.7 Framing
   1.3.8 Status quo Bias
   1.3.9 Loss aversion and Endowment effect
   1.3.10 Herd Behavior
1.3.4 Underlying theories of Behavioral Finance
   1.3.4.1 Cognitive Psychology
   1.3.4.2 Cognitive Psychology - Application Investor Behavior
   1.3.4.3 Limits to Arbitrage
1.3.5 Behavioral Finance and its Contradiction with Traditional Finance

1.4 Behavioral Corporate Finance
   1.4.1 Irrational Manager’s Approach
   1.4.2 Irrational Investor’s Approach

1.5 Conclusion

Chapter 2
Literature review

2.1 Behavioural finance

2.2 Book Review of “Value Investing and Behavior Finance”
   2.2.1 Literature Survey for the Book “Value investing and Behavioral Finance”
   2.2.2 Four theories of Behavioral Finance with examples.
      2.2.2.1 Prospect Theory
      2.2.2.2 Regret Theory
      2.2.2.3 Anchoring
      2.2.2.4 Over and Under Reaction
   2.2.3 Criticism to Behavior Finance
   2.2.4 Conclusion

2.3 Literature review – Behavioral Corporate Finance
   2.3.1 Irrational Manager Approach
   2.3.2 Shefrin (2004)
   2.3.3 Factors affect managers to become overconfident
   2.3.4 The Irrational Investors approach
      2.3.4.1 Irrationality among investor and functions of corporate finance managers
   2.3.5 Issuance of capital
      2.3.5.1 Trade-off Theory for issuing capital
      2.3.5.2 Pecking order theory for issuing capital
      2.3.5.3 Mispricing Driven Equity Market Timing
2.3.6 Graham Survey for how CFO takes decisions
   2.3.6.1 Graham Survey and Capital budgeting techniques
   2.3.6.2 Graham survey and Capital Structure Decisions
2.3.7 Investor’s sentiment and market timing financing decisions
2.3.8 Investor’s sentiments for equity Dependence firms
2.3.9 Market timing in Indian perspective
2.3.10 The reason for issuing equity
2.3.11 Security issuance and its impact on investment choice
2.3.12 Market timing in UK
2.3.13 Market timing and capital structure
2.3.14 Financing the deficit and mispricing
2.3.15 Two Type of Market Timing Mechanism

2.4 Literature review on model
   2.4.1 Model I – Baker and Wurgler (2002)
      2.4.1.1 Samples of model I
      2.4.1.2 Variables used – MODEL I
      2.4.1.3 Determinants of equity issuance and valuation
      2.4.1.4 Limitations of model:
   2.4.2 MODEL B – Alti (2007)
      2.4.2.1 Definition of Hot and Cold Markets
      2.4.2.2 Samples – Model B
      2.4.2.3 Variables – Model B
      2.4.2.4 Limitation of Model :
   2.4.3 Model – C
      2.4.3.1 Samples – Model C
      2.4.3.2 Variables
      2.4.3.3 Additional variables
      2.4.3.4 Limitation of Model.
   2.4.4 Model D – Dong, Loncarski, Horst and Veld (2010)
      2.4.4.1 Sample Construction
      2.4.4.2 Variables
      2.4.4.3 Limitations-
   2.4.5 MODEL E – Hussain and Guney (2007)
      2.4.5.1 Samples – Model
Chapter 3
Methodology

3.1 Introduction
3.2 Statement of Problem
3.3 Research Objectives
3.4 Research Hypothesis
3.5 Rationale
3.7 Justification for Paradigm and Methodology
3.7.1 Research Design
3.7.2 Sampling Element:
   3.7.2.1 Population:
   3.7.2.2 Rationale for Population
   3.7.2.3 Sampling Frame
   3.7.2.3 Samples
   3.7.2.4 Rationale for samples:
   3.7.2.5 Sampling techniques.
   3.7.2.6 Data Sources
3.8 Ethical Consideration
3.9 Model Development
  3.9.1 Model – I
    3.9.1.1 Variables Used – MODEL I
  3.9.2 MODEL II
    3.9.2.1 Variables
    3.9.2.2 Issuing equity for investment purposes

3.10 Analysis and Interpretations
3.11 Limitations
3.12 Conclusion

Chapter 4
Analysis

4.1 Introduction
4.2 Model Formation
4.3 Sample Profile and Characteristics
  4.3.1 Industry wise distribution of firms
  4.3.2 Issue Date wise Distributions
  4.3.4 Issue Amount Wise Distribution
  4.3.4 Age wise Distribution of the firms
  4.3.5 BSE Group Wise Distribution of firms
4.4 Analysis of Variables and its requirements
4.5 Justification of Data Analysis Tool
  4.5.1 Regression Analysis
  4.5.2 OLS Regression
  4.5.3 Assumptions of regression
  4.5.4 Test for the Normality of Data
4.6 Limitations
4.7 Conclusion
Chapter 5

Hypothesis Testing and Findings – I

5.1 Introduction

5.2 Summary Descriptive
   5.2.1 Interpretation of summary statistics

5.3 Hypothesis Testing and interpretation of results
   5.3.1 Hypotheses 1 – A
   5.3.2 Hypotheses 1 – B
   5.3.3 Hypotheses 1 – C
   5.3.4 Hypotheses 2 – A
   5.3.5 Hypotheses 2 – B
   5.3.6 Hypotheses 2 – C
   5.3.7 Hypotheses 3 – A
   5.3.8 Hypotheses 3 – B
   5.3.9 Hypotheses 3 – C
   5.3.10 Hypotheses 4 – A
   5.3.11 Hypotheses 4 – B
   5.3.12 Hypotheses 4 – C
   5.3.13 Hypotheses 5 – A
   5.3.14 Hypotheses 5 – B
   5.3.15 Hypotheses 5 – C
   5.3.16 Hypotheses 6 – A
   5.3.17 Hypotheses 6 – B
   5.3.18 Hypotheses 6 – C
   5.3.19 Hypotheses 7 – A
   5.3.20 Hypotheses 7 – B
   5.3.21 Hypotheses 7 – C
   5.3.22 Tabular summary of all Hypotheses

5.4 – Hypothesis Testing and Analysis – II
   5.4.1 Introduction
   5.4.2 Model formation
5.4.3 Variables
5.4.3.1 Co-efficient of correlation matrix for Primary and Residual sources of Firm
5.4.4 Hypotheses testing
5.4.4.1 Sources and Uses of Funds for Initial Public Offerings
5.4.5 Limitations
5.5 Conclusion

Chapter 6

Findings and discussion

6.1 Introduction
6.2 Findings
   6.2.1 Finding for Objective 1
   6.2.2 Finding for Objective 2
   6.2.3 Finding for Objective 3
   6.2.4 Finding for Objective 4
   6.2.5 Finding for Objective 5
6.3 Research Scope
6.4 Limitations
6.5 Managerial Implications
6.6 Future Work
6.7 Conclusion
