ACKNOWLEDGEMENT

I record my deep sense of appreciation, heartfelt admiration and sincere thanks to Dr. Ramu, Assistant Professor, M.Sc., GIS for Sustainable Development, Department of Geography (GIS), University of Mysore for his valuable guidance, constructive suggestions and special interest on me for the completion of my research studies. I greatly appreciate his timely help in academic and administrative matters.

I record my indebtedness to Dr. T. Vasantha Kumaran, Formerly Head of the Department, Department of Geography, University of Madras for his immeasurable guidance, fruitful discussions, indefatigable strenuous efforts to steer the work in the right direction through meaningful interaction, bountiful scholarly advices and moral support at each and every stage of my research work to complete this exigent task in time.

I extend my sincere thanks to the Dr. P. Jayashree, Associate Professor, of the Department of Geography, Manasagangothri, University of Mysore, and Mysore for their help rendered to me at various stages of my affiliation.

I acknowledge with thanks the Mr.Ram Anand Bheeroo, Coastal Specialists Ltd, 52 B Avenue Ylang Ylang, Morcellment St Jean, Quatre Bornes, Mauritius for providing Environmental Specialists in the post sanctioned to Mr. Krishnamoorthy. I am grateful to the Mr.Ram Anand Bheero for given permission to use this data for my research work.

I express my thanks to Dr. M. Rajamanickam of the Center for Geo Technology, Manonmaniam Sundarnar University for their guidance on shoreline change mapping.

I remember with great respects to Dr.S. Rajendran, Professor, Department of Earth Science, Annamalai University, Chidamparam, Tamilnadu who gave me an
opportunity to join in the course on Geospatial Science and Advancements at Shoreline mapping to update my knowledge.

I take this opportunity to remember and thank Dr. Jadav, Center for Geo Informatics, Professor and Former Head, Department of Geography, University of Mumbai, Mumbai, Prof. S. Sumathi, Department of Anthropology, University of Madras who had larger influence in me in shaping some of my thinking on Social and related knowledge during my research periods.

I would like to express my sincere thanks to Dr. N. Chandrasekar, Professor, Center for Geotechnology, Manonmaniam Sundarnar University, Tirunelveli for extending the Image processing facilities at department.

I would like to thank Prof. S.K.Subramanian, Head National Remote Sensing Center, NRSC, and Hyderabad for their constant encouragement and help during my research.

It is my pleasure to express my sincere thanks to Mr. Elangovan, Head, Ramana Research Group, Chennai for his invaluable help for preparing the synopsis.

I express my sincere thanks to Mr. Pazhani and Kuzhandaivel Teacher, Higher secondary school, Dharmapuri for their cordial support for during completion of thesis.

I also thank Dr. Kannan, Professor Sastra University for assisting in my research work and valuable discussion during thesis preparation.

I extend my thanks to Mrs. K. Meenakshi, Teacher, Higher Secondary School, Bhilai, Chhattisgarh for their useful and supportive role in the preparation of the thesis. And also extend my thanks to Mr. Abhilash Rajendra, Faculty, Department of Geography, Maharaja’s College, and University of Mysore for his assistance during the thesis work.
I acknowledge my sincere gratitude and thanks Mr. Govindan and Mrs Cellam Forest officer, Salem for their constant encouragement and interest shown in all stage of my work.

My special thanks are being extended to L. Balaji for his timely suggestions and encouragement during the course of this work.

The real tolerance, boundless love ceaseless prayers of my parents, sisters, brothers-in-laws deserve much gratitude and heartfelt thanks. I dedicate this work to them for giving me carte blanche and to pursue the research work without encumbrance.

(G.KRISHNAMOORTHY)
