ACKNOWLEDGEMENTS

First and foremost, I would like to thank God, who has given me the power to believe in myself and enabled me to accomplish my thesis work successfully. I could never have done this without the faith I have in you, the Almighty.

I am grateful and deeply indebted to Prof. P.S. Panesar (Supervisor 1) and Prof. M.B. Bera, (Supervisor 2), Department of Food Engineering and Technology, Sant Longowal Institute of Engineering and Technology, Longowal, for helping me to shape and guide the direction of research work by their able guidance, valuable suggestions, constructive criticism, encouragement and well wishes, which helped me in turn this effort into a success. This dissertation would not be possible without their support and dedication.

I am highly grateful to Prof. Sunil Pandey, Director, Sant Longowal Institute of Engineering and Technology, for providing me an opportunity to carry out the thesis work. I would further like to thank Prof. Dhiraj Sud (Dean, Academic) and Prof. S.S. Dhaliwal (Dean, Research and Consultancy) for their valuable encouragement during my research work.

I further extend my appreciation to Prof. D.C. Saxena (Head, Department of Food Engineering and Technology) and teaching staff of Department of Food Engineering and Technology, for providing me the laboratory and other facilities for successful completion of this work.

I am gratified to non-teaching staff of the department especially, Mr. Manoj Pandey, Mr. Davender Kumar, Mr. Laxmi Narain Singh, Mr. Om Chand and Mrs. Parveen Kaur, without their cooperation it was not possible to materialize the results.
I express my most heartfelt and cordial thanks to Dr. Kuldeep Singh (Head, School of Agricultural Biotechnology, PAU, Ludhiana, India) and Dr. Gurpreet Sahi (Research Associate, School of Agricultural Biotechnology, PAU, Ludhiana, India), who helped me to carry out some part of my research work in their laboratory.

I wish to extend a warm thanks to my research colleagues Mrs. Varinder Walia, Mrs. Vandana Bali, Ms. Shweta Kumari, Mrs. Garima Sengar, Ms. Rupinder Kaur and Mrs. (Late) Cozy Saini for providing a stimulating and fun environment in which to learn and grow. I also expressed my gratitude towards Dr. Reeba Panesar for their cooperation, guidance and care in my whole research work.

My special thanks to my husband, Parminder Singh Grewal, for being incredibly understanding, supportive, patient, and for putting up with late hours and my bad temper. Finally and most importantly, the credit of my achievements goes to my parents, brother, sister and my daughter Japleen Kaur, who were always there for me in my difficulties. It was their faith in me that has always helped me to proceed further.

(Shubhneet Kaur)
