Acknowledgement

Present work is a result of help rendered to me by many authorities, teachers and friends. It is my pleasant duty to express my sincere thanks to all of them.

With great pleasure, I take this opportunity to express my heartiest sense of gratitude to Dr. Shaunak Kulkarni, as my research guide and for his keen interest in the study and valuable guidance from time to time. This effort is an outcome of his continues encouragement and patience without which this work would not have taken place.

I express deep sense of gratitude to Dr. S.R. Walimbe, Head of Department of Anthropology.

I also express my gratefulness to my husband for his support and help as well as continuous encouragements without which it was impossible to carry out the present study.

Affectionate thanks to my daughters for the much needed moral support during the course of the research.

I also acknowledge the respondents of the present study, who shared their experience, provided the necessary information and without whose co-operation and sincerity the study would have been incomplete.
