Acknowledgements

It would not have been possible to write this doctoral thesis without the help and support of the kind people around me, to only some of whom it is possible to give particular mention here. There were a great number of people who helped make this journey possible. Foremost, I would like to express my sincere gratitude to my supervisor, Dr. G M Malik, head of Chemistry department, the Navyug Science College, Surat for his relentless encouragement, constructive guidance and words of motivation throughout the duration of this research study and moreover for the inspiration he provided to ensure the completion of this work. His expertise, availability to discuss ideas and willingness to give of his knowledge were instrumental. For this, I am extremely grateful.

The good advice, support and friendship of Dr. A S Patel, Principal of the Navyug Science College, Surat has been invaluable on both an academic and a personal level. I am also thankful to all the teaching staff members and laboratory staff members of Department of Chemistry, Navyug Science College, Surat for their continuous moral support.

A special word of thanks also goes to Dr P A Hassan, Scientific officer (G), Head, Thermal & interfacial chemistry section, Chemistry division, Bhabha Atomic Research centre, Mumbai for his support and guidance during this research.

I also acknowledge the facilities provided by Konark Research Foundation, Vapi and Shree Dhanvantary Pharmacy college, Kim, Surat for HPLC analysis and IR Spectra.

My Heartfelt thanks to both Dr. Devesh Kothwala and Mr. Ankur Raval for their helpful & technical support and assistance for experimental set-up.
The author would also like to acknowledge the research support provided by the Department of Chemistry, Sardar Vallabhbhai Patel National Institute of technology, Surat.
I would like to acknowledge the financial and technical support of the Auxin Life Science, Surat: manufacturer of Middle Ear Implant and special thanks to Matrix Meditech Pvt Ltd, manufacturer of Orthopaedic implant provided bar metallic implant as well as providing microbiology test for my research work.
I am very much thankful to my research friends cum colleagues Dr. Shailesh zadafiya, Mr. Anil Patel, Dr. Viral Raval, Mr. Chirag Naik, Mr. Jitesh Tailor, Mr. Ketan Patel, Mr. Kamal Patel, Miss Priti Patel, Mr. Sandeep Patel for their kind tips and help in making the thesis.
I would like to express my thanks to my mother, Sr. Pushpaben Mohanlal and My father Mr. Mohanlal Jekishandas, My wife Dr Monika, for all their heartfelt prayers. And especially to my sister, brother, father in law, mother in law, friends and colleagues for all their good wishes of encouragement and support over the last few years, which will always be remembered with deep gratitude.
Last, but by no means least, I thank my friends in Gujarat and elsewhere for their support and encouragement throughout, some of whom have already been named.

For any errors or inadequacies that may remain in this work, of course, the responsibility is entirely my own.

M.M.Lakdawala
