ACKNOWLEDGEMENTS

All great or little achievements speak of silent and yet predominant forces at their back and no one can claim fulfillment of one’s aim in isolation. I take this opportunity to reserve my indebtedness, for all the help received in accomplishment of this work to all such forces, natural and supernatural.

Indeed the words at my command are inadequate in form and spirit to express my feelings of extreme regard and sincere gratitude to my esteemed teachers and elite guides Prof. Rita Saldanha and Prof. Sucheta Pathania, for their dexterous supervision, constructive criticism, invaluable suggestions, constant inspiration and untiring guidance coupled with encouragement which has consequently lead to the present work to its entire successful accomplishment.

I extend my sincerest and heartiest gratitude to Prof. Satnam Kour, Head, Department of English, Prof. Posh Charak, Prof. Deepshikha Kotwal, Dr. Monika Sethi, Dr. Garima Gupta & Dr. Ravinder Singh for their valuable guidance, support and cooperation during my tenure as student and scholar in the Department of English, University of Jammu. I am also thankful to Prof. Shashi Pathania & Prof. Veena Gupta from Dogri Department, University of Jammu for their overwhelming support.
I also acknowledge with heartfelt gratitude all the non-teaching staff members of the department especially Mrs. Anuradha Sharma, Professional Assistant for her constant help throughout the period of study.

The library staff of Ramesh Mohan library, English and Foreign Languages University, Hyderabad and Osmania University, Hyderabad deserve my special thanks for permitting me to consult the library records and for the active cooperation in search of relevant study material from books, journals and published research works.

Words fall short to acknowledge the cooperation extended to me by Dogri Sanstha and J&K Academy of Art, Culture & Languages Jammu.

I am grateful to all the authors and publishers from whom I had the audacity of quoting references.

Words can hardly express the profound sense of gratitude, I owe to my beloved parents Sh. Karan Dev Singh & Smt. Nirmal for the blessings, care, love, patience, cooperation and moral support. I would also like to thank my father-in-law Th. Hari Singh & my mother-in-law Smt. Satya Devi. My brother-in-law Mr. Rameshwar Singh & my sister-in-law Dr. Shashi Manhas, Associate Professor Department of Home Science, University of Jammu deserve a special thanks. My debt of gratitude is also due to my sister Anuradha & brother-
in-law Mr. Pawan Singh without whose support this research could not have been accomplished.

This thesis would have not seen the light of the day without the encouragement, motivation, patience, love and able help of my husband Mr. Suraj Singh who remained and kept me optimistic throughout in the process of present research. I also thank my loving son Om for bringing me cheer in life and sparing me in early days of his life for completing this project.

Infact, it came true by the grace of Almighty in whose competence lies everything, I bow before Him for His blessings.

I extend my gratitude towards: Vikas Document Centre and Mr. Subal Sharma, computer typist for rendering their services.

Sheetal Singh
