ACKNOWLEDGEMENT

I take this opportunity to express my sincerest gratitude to my supervisor, Dr. N. Chandrasekaran, Sr. Professor & Dy. Director, CNBT, for his exemplary guidance, inspiration and constant encouragement necessary for me to proceed through the doctoral program and complete my thesis. Throughout my thesis-writing period, he provided encouragement, sound advice, good teaching and lots of good ideas. The blessings, help and guidance given by him from time to time shall carry me a long way in the journey of life on which I am about to embark. I sincerely thank him for the freedom he offered to explore my intellectual curiosity in my experiments, and for fostering my capacity critically as an independent researcher. I attribute the level of my PhD degree to his encouragement and effort and without him this thesis would not have been completed or written.

I would like to thank Dr. Amitava Mukherjee, Sr. Professor & Asst. Director, CNBT, for his constructive suggestions, encouragement and support throughout this study period.

I extend my heartfelt gratitude to Honorable Chancellor Dr. G. Viswanathan, Vice Presidents, Vice Chancellor and Pro-Vice Chancellor for the infrastructure and laboratory facilities to carry out my experiments.

I sincerely thank the management, VIT University for providing me financial support by Research Associateship.

I am thankful to my DC members Dr. T. P. Sastry, Senior Principal Scientist & Head, Bio-products Laboratory, CLRI, Chennai, Tamil Nadu and Dr. K. Kathiresan, Professor, CAS Marine biology, Parangipettai, Tamil Nadu for their timely suggestions throughout my research.

I am thankful to the instrumentation facilities at VIT-TBI (Technology Business Incubator); VIT-SIF (Sophisticated Instrumentation Facility); Sophisticated Analytical
Instrumentation Facility (SAIF) at Indian Institute of Technology (IIT), Madras Department of Science and Technology (DST), Government of India; and Electron Microscopy Facility at Tamil Nadu Veterinary College, TANUVAS, Chennai, which facilitated my research.

I take this opportunity to sincerely acknowledge Dr. K. Gopalarathinam, Senior Entomologist, Zonal Entomological Team, Vellore, Tamil Nadu for providing necessary help and guidance for identification of mosquito larva and to carry out experiments with larva.

I would like to thank all my lab mates and friends for their encouragement and support and for providing a stimulating and fun environment in which to learn and grow.

I extend my deepest gratitude to my family for their love and support and for being a constant source of inspiration.

Finally, I thank God Almighty.

Vijayalakshmi Ghosh
